ADA, OKLAHOMA. THURSDAY EVENING, MAY 6, 1909

NUMBER 34

CONSPIRACY CASES A BIG FARGE

GOVERNMENT SLEUTHS HAVE
PLAYED TO THE GALLERIES
AND WILL LOSE.

INVESTIGATION NEXT MONDAY

Leading Men in Other Towns Than
Muskogee Are Involved in the
Persecution.

Muskogee, Okla., May 5.—The inter-
est in the alleged town lot conspir-
acy cases, in which seven prominent
citizens of Muskogee are involved, and
which will be the subject of investi-
gation by the new federal grand jury
at Tulsa next Monday, has not lagged
for one moment, nor is it going
to lag until the question is settled
once and for all.

The fact that prosecutions will in
all likelihood be brought against
leading men in the town of Okmulgee,
Sapulpa, Holdenville, Bristow
and Wewoka has added zest to the
game and everyone is on the tip-toe
of expectancy.

The government cannot afford to
merely go after citizens of Muskogee
when hundreds of men in the various
Creek and Seminole nation towns,
are equally guilty. But ah—
there comes the rub—could these
"arch-conspirators" have deceived the
town site commission which had
charge of the distribution of lots in
these towns, when the commission itself
not only approved, but suggested,
the manner in which these self-
same persons obtained their alleged
surplusage of town realty.

It is said that J. George Wright,
at that time resident Indian inspector,
agreed that the plan of sched-
uling to so-called "dummies" was per-
fectly legitimate and that no one by
so doing was in anyway defrauding
Uncle Sam or the Creek nation. No
one denies that "dummies" were
scheduled certain lots and that, for
a consideration, they quit-claimed
them back to old residents of Mus-
kogee. The government got the price
demanded for the lots, the Creek tribe
was satisfied; the townsite commis-
sion O. K'd the deal; the Indian in-
spector saw no wrong in it; the gov-
ernment wasn't tearing its shirt over
the "awful crime;" and Mr. Mott,
Creek national attorney, had not at
that time arrived on the ground with
a \$5,000 yearly salary attachment.

To the person who knows and un-
derstands conditions as they were
in Indian Territory under the czar-
like rule of the interior department,
which turned out new rules and regu-
lations as fast as the government
stenographers could bat 'em out—the
whole matter seems unduly farcical,
and it will likely be seen in that
light when the government attorneys
and the new jury get down to busi-
ness next Monday.

The government is not making the
"hurrah" about the prosecutions this
trip. There are no brass band tactics
but the federal sleuths are still on the
job and the witnesses that were
summoned last February from Maine
to Oregon will hold a reunion at Tul-
sa Monday. It will be a nice trip for
them; they can see the country and
probably invest some money in Okla-

homa dirt; they can go back home
and boost for the baby state; and
Uncle Sammy will pay all the bills
and ask but few questions. Mott's
reputation will be made and he will
be in a position to be chief legal
advisor. the Cannibal King of the
Hoo-Hoo islands.

It all adds spice to the life on
the bounding brairies; it gives the
newspapers something to write about
it helps out the hotel business and
the railroads and yet everybody won-
ders what it is all about and how
acts, licensed by the government
townsite representatives, can now be
strangely distorted into hideous-
faced crime and men who stand high
in the community be branded as
criminals.

It's a howling, yowling farce and
the government deep down in its
heart of hearts knows it. Of course
they intend to play the game to the
limit however, and the prominent
citizens of Wagoner, Eufaula, Okmul-
gee, Tulsa, and the other govern-
ment towns better be humping them-
selves and looking up some bonds-
men—for your Uncle Sam has his
spurs on and is carrying a blunder-
buss.

EXPECT A BATTLE.

Marshal's Posse in Jack Fork Moun-
tains After Illicit Stills.

Muskogee, Okla., May 5.—A battle
between deputy United States mar-
shals and moonshiners in the Jack
Fork mountains, near the boundary
lines of Pushmataha county, can be
looked for within the next twenty-
four hours, according to advices re-
ceived at the office of United States
Marshal Victor this afternoon. Victor
and District Revenue Collector Will
Irwin are at the head of a posse of
twenty-five men and at daybreak this
morning left Hugo for the mountains
where four stills have been located.

A few days ago, Irwin arrested
George Johnson, an alleged moonshin-
er, at Hugo, and he is said to have
made a confession implicating others.
Irwin left for Hugo and last night
wired the office here for assistance.
He was instructed to swear in as
many men as he needed and take the
moonshiners. Illicit stills are reported
in operation in large numbers. Mar-
shal Victor is acting under instruc-
tions from Washington.

Wheat Still Rising.

Chicago, May 5.—A new record was
made for May wheat in the Chicago
board of trade today, it selling at
\$1.20 1-2. Other deliveries also made
sharp gains, July wheat selling for
\$1.17.

Trade in the pit was active, and
general and it was rumored early in
the session that the Patten crowd
was once more buying heavily on
both May and July deliveries. Offer-
ings during the entire day were in-
adequate for the strong demand.

At Columbus, Ohio, milling what
sold for \$1.50 a bushel, the highest
price paid in the United States in
the past 31 years. It is confidently
predicted by the millers and elevator
men that the farmers will receive
\$1.50 for their grain before the pres-
ent upward movement culminates.

A record price was also set in the
New York grain markets, where the
price advanced to \$1.35 per bushel.
There is a rumor in New York that
a pool has been formed to keep July
wheat at a high price.

Fred Warren on Trial.

Fort Scott, Kas., May 5.—After ex-
Governor William Taylor of Ken-
tucky, and one or two other witnesses
had testified on each side, argument
was begun here this afternoon in the
case of Fred Warren, manager of the
Appeal to Reason, a Socialist paper,
charged with violating the postal
laws. Taylor was called by the pro-
secution. The government merely asked
him a few questions to establish
the identity of persons referred to
in the defendant's offer of a reward
for anyone who would kidnap the ex-
governor.

Notice to Warrant Holders.

All parties holding warrants issued
by the Board of Education of the
City of Ada, Oklahoma, from regis-
tered number 427 to 628 inclusive,
also registered numbers 406 to 426
are requested to deliver them to me
for cancellation and payment out of
refunding bond issue.

W. D. HAYS, Treasurer.

AMERICAN AND MEXICAN RULERS TO MEET

TAFT AND DIAZ TO JOIN HANDS
AT EL PASO.

President Taft Has Accepted Invita-
tion to Attend the El Paso
Fair.

Washington, May 5.—The people of
El Paso, Tex., today made important
progress in their long cherished dream
of having the president of the United
States and the president of Mex-
ico clasp hands across the inter-
national boundary line on the public
bridge that connects El Paso with
Juarez, Mexico, when President Taft
tentatively accepted the invitation of
the citizens of El Paso to spend a
day in that city.

The two cities are to have bril-
liant fiestas during the period of the
El Paso fair, the first week of No-
vember, and an effort is being made
to have President Diaz of Mexico at-
tend the celebration at Juarez on the
day President Taft attends the fair
at El Paso. The rest, it is thought,
would be easy.

The invitation to President Taft to
attend the fair at El Paso was ex-
tended today by Representative
Smith of Texas. The president seem-
ed highly gratified over the invitation
and told Representative Smith that
he thought he could arrange to ac-
cept it.

President Taft will also visit Gal-
veston on his trip to Texas in the
fall, an invitation to come to that
city having been tendered to the
president by Senator Culberson on
behalf of the Galveston Board of
Trade. President Taft was not at the
White House when Senator Culberson
presented the invitation, but a state-
ment was subsequently given out by
Secretary Carpenter that the presi-
dent will be pleased to visit Galveston
in the event that he comes to Texas
next fall.

A FALSE ALARM.

Report that Ardmore Was Destroyed
by Cyclone Unfounded.

Newspaper reports this morning in-
dicated that the city of Ardmore was
partially destroyed last evening by
a tornado which swept the south
central part of the state. The press
reports stated that all communication
by wire was practically cut off, but
that meager reports were to the ef-
fect that Ardmore had suffered serious
damage.

On reading these reports those citi-
zens of Ada who have relatives and
friends in Ardmore were very much
alarmed, so the News immediately
phoned to Ardmore to ascertain
whether or not the reports could be
verified. Our informant stated that
the report was positively false, that
they had only had a fine rain and
nothing more.

The First National.

Referring to the showing through
publication of the condition of the
First National bank when the com-
ptroller of currency had made his regu-
lar call it is thought fitting that
special complimentary reference be
made in behalf of such bank and Mr.
Timberlake, cashier and in charge
since the figures in the sworn state-
ment affords the information that
such institution is notably growing.

This bank has around \$170,000 in
deposits and not for from half of
that amount in cash in sight and
reserve. Mr. Timberlake is con-
gratulated.

Prominent Durant Visitors.

Hon. A. C. Hayden, mayor of Du-
rant, and Dr. W. H. Hiff, oil expert
from the same city, are in Ada. Mr.
Hayden is on his return from the
state meeting Knights of Pythias at
Oklahoma City, while Dr. Hiff is vis-
iting his friend Rev. Stubblefield. Ac-
companied by Messrs. Beck, Hope and
Hardin they were driven over the
country today making observations
on the oil prospects contingent to
Ada. Dr. Hiff has oil interests at Du-
rant and Madill and is an oil expert.
He and Mr. Hayden are both highly
pleased with prospects here so far
as they have observed.

NOTICE.

All parties owing me will please
call and settle at once as I am need-
ing it badly. J. B. Chapman. 4td

CITIZENS DETERMINED ON STATE SUMMER NORMAL

BUSY MEETING IN 25,000 CLUB
ROOMS LAST EVENING.

Committee Appointed to Take Matter
in Hand and Complete the
Work.

A mass meeting of Ada citizens oc-
curred in the Club rooms at five
o'clock last afternoon and discussion
was had concerning the better plan
to pursue in financing and properly
supporting a summer state normal.

County Supt. Pierce and normal
vice president, Perkins, addressed
the meeting. During their recital of
their estimation of the summer state
normal situation, a letter was read
from the president of Ada normal,
Prof. Charles Briles, stating among
other things in substance that while
he would be required to remain at
Muskogee until the conclusion of the
session of the city schools of which
he is superintendent, the Ada people
could feel assured that he would
co-operate with them in every man-
ner possible along what ever lines in
the state normal program considered
more desirable to pursue.

The earnestness and more or less
elaborateness of the remarks address-
ed by Messrs. Pierce and Perkins
evidenced their great interest in the
success of the Ada normal and their
intention of going all the way in
the labor of helping develop to suc-
cess Ada's determined achievement.

Darnest remarks were addressed
to the meeting by Tom Hope, W. C.
Duncan, Prof. Matthews and others.
All present were united in the deter-
mination to put on the best sum-
mer state normal possible. Ada's
magnificent \$40,000 High school
building and the several commodious
ward school buildings will be utilized
to accommodate the six hundred
teachers it is proposed to attract to
this city this summer. Hundreds of
the best homes of the city will be
thrown open to teachers without con-
sideration of money or inconvenience.

Following thorough discussion, it
was agreed that an executive com-
mittee should be selected, who should
control and direct the movement and
campaign to hold this city on the
state normal map in this state in
proper position and dignity. The fol-
lowing is the committee: E. H. Lucas,
W. H. Ebey, J. W. Hays, Tom Hope,
M. W. Ligon, T. F. Pierce and Otis
B. Weaver.

SENATOR RODDIE ACQUITTED.

Insurance Company Fails to Make
Embezzlement Charge Stick.

Senator R. M. Roddie of Ada, Ok.,
who represents the Twenty-third dis-
trict in the legislature, was triumph-
antly acquitted by Judge Jackson
of the county court, today, of the
charge of embezzling \$84 from the
Indian State Insurance company of
Indianapolis, while acting as its agent
at Fort Gibson, Ok., two years ago.

The senator was arrested during
the latter part of the recent ses-
sion of the legislature on a war-
rant sworn out in Justice Lieber's
court by a representative of the com-
pany. The case was to have come
up before the justice today but it
was taken before Judge Jackson on a
change of venue granted by the
justice. The senator was represented
by Attorney J. C. Stone and the state
by County Attorney Crump and Judge
Robertson. The testimony of the
state's witnesses was very weak and
did not make a case and it only re-
quired the introduction of a receipt
signed by the president and secre-
tary of the company to prove that
Senator Roddie had settled with the
company in full and that there was
no foundation for the charge that
he had embezzled even a penny of
the company's money.

Senator Roddie immediately filed
suit against the State Life Insur-
ance Company of Indianapolis and
W. H. Merchant, general agent, for
\$25,000 damages for malicious prose-
cution.

Bad for Fort Gibson.

Guthrie, Okla., May 5.—It was dis-
covered today by the Board of Public
Affairs that the enacting clause in
the appropriation bill for the blind
school at Ft. Gibson, had been omit-
ted and the bill thereby left inopera-
tive. No plans have yet been devised
for the maintenance of the school.

"JUST RIGHT" CLOTHES for BOYS

BOY'S TWO PIECE SUITS IN THE NEW DOU-
BLE BREASTED MODELS. THEY ARE SPLEN-
DIDLY TAILORED IN THE SEASON'S LATEST

Entered as Second Class matter, March 26, 1904, at the Postoffice at Ada, Oklahoma, under the Act of Congress of March 3, 1879

OUR WASHINGTON LETTER

Washington, May 5.—The secretary of the interior has approved new regulations for the leasing of the allotted lands of the Osage nation. Regulations provide that the allottees may lease their allotments for a period of five years for agricultural purposes and three years for grazing purposes all leases to be approved by the secretary of the interior. The heirs to deceased allottees may lease the dead claim jointly or through an attorney, and the natural guardian or the supervisor of the Osage agency is authorized to act for minor allottees in lease matters. No one person is allowed to lease more than 640 acres of land for either agricultural or grazing purposes.

Since the lower house of congress decided to take the duty off crude oil in the tariff bill the Gulf pipe line has cut the price of oil to thirty cents. Representatives of that company have since been in Washington trying to get the secretary of the interior to let them settle with the Indians for their royalty on a basis of thirty cent oil. As the Standard is still paying 41 cents, so far as the department knows, they are insisting that the settlement shall be on a basis of 41 cents per barrel for oil. There is a clause in all the oil lease contracts which provides that the settlement with the Indians for royalty shall be based on the highest market price being paid for oil. The Standard has always fixed this market.

Since the announcement of the Attorney General that the alleged town lot fraud cases in Oklahoma are again to be presented to the grand jury, the Oklahoma contingent in Washington has a growing suspicion that there are some Oklahoma republicans back of the movement. It is the puzzle just now to find out who would benefit most by the political defeat of Governor Haskell, and when that is done it will probably be easy to put one's fingers on the republicans who are most anxious that the indictments should be brought again. This matter will be watched with closest interest both in Oklahoma and Washington. If there are republicans or democrats either, who are secretly working in this manner to cause the political downfall of Gov. Haskell, and the indictment of other prominent Oklahomans, they are certain to be spotted sooner or later.

S. M. McGowan, formerly supervisor of the Indian school at Chillico, against whom indictments were returned by the federal court at Guthrie, two months ago, charging him with misappropriation and misapplication of funds at the Indian school, is in Washington demanding an immediate hearing in the matter. He is also demanding to see a copy of the charges filed against him. He claims that the indictments against him were the results of spite work on the part of enemies in the Indian office in Washington. Mr. McGowan has been in the Indian service twenty years and was considered one of the best men in the service. It is understood that he incurred the displeasure of Commissioner Leupp, and then his troubles began.

A bill has been introduced in the lower house of congress to make Woodward and Guyton federal court towns in the Western district of the state. No action will be taken on the bill at this session, but it may possibly be brought up at the next regular session.

It is understood that the Indian office and the department of the interior have approved the recommendations for the appointment of Vernon Whiting, Ned Sisson and J. A. Dunne-gan to be district agents in the western part of Oklahoma and that their appointments will be made soon.

Representative Bird McGuire and State Chairman Joe Norris are said to be grooming Judge Milton Garber, of Enid, for the republican nomination

tion for governor at the next election. It is understood that Joe McNeil, of Guthrie, Ed Clark of Pawnee, O. G. Jones of Oklahoma City, former governor Tom Ferguson, of Wagon, and possibly others on the west side of the state, Dr. L. F. Cain, private secretary to Congressman Creager, of Chocotah, is a candidate from the east side of the state.

An effort will be made immediately after the fourth of July, when the next postoffice appropriations are available, to establish complete systems of rural mail routes in several Oklahoma counties.

Ice Service Today.

Mr. B. F. Frick, of the Ada Ice and Fuel company, started his service today in real earnest. He has two well equipped wagons and will make every street within the city limits daily.

Normal School.

Those having work that may be done by boys or girls attending the Normal school the ensuing year—such as general house work, chores, janitors at business houses, and the like, please notify me soon so that we may announce in our catalog that many deserving boys and girls may thus make part or all their expenses homes may thus get reliable help. M. L. Perkins. 6td

Notice of the First Meeting of Creditors.

In the District Court of the United States for the Eastern District of Oklahoma, at Ada.

In the matter of E. P. Bryant of Roff, Oklahoma, Bankrupt.

To the Creditors of E. P. Bryant, a Bankrupt:

Notice is hereby given that, on the 21st day of April, 1909, the said E. P. Bryant was duly adjudicated bankrupt; and that the first meeting of his creditors will be held at my office at Ada, Okla., at 10 o'clock in the forenoon on the 17th day of May, A. D. 1909, at which time the creditors may attend, prove their claims, appoint a trustee, examine the bankrupt, and transact such other business as may properly come before the said meeting.

This 6th day of May, 1909.

A. H. CONSTANT,

Referee in Bankruptcy.

(34-Std. in weekly on 13th.)

Notice of Sale of Real Estate.

In the matter of the Guardianship of Nannie Ford.

Notice is hereby given in pursuance of an order of the County Court of the County of Pontotoc, State of Oklahoma, made on the 5th day of May, 1909, the undersigned Guardian of the estate of Nannie Ford will sell at private sale to the highest bidder, subject to confirmation by said court, on Saturday the 22nd day of May, A. D. 1909, at 11 o'clock A. M., at County Court House, Ada, Okla., all the right, title and interest of said Nannie Ford in and to the following described real estate situate in Pontotoc County, State of Oklahoma, to-wit: East one-half of the Southeast quarter of the southeast quarter and the Northeast quarter of the Southeast quarter, Sec. 17, Township (4) North, Range (8) East, containing (60) acres.

Said real estate will be sold on the following terms and conditions, to-wit: Cash at private sale.

Bids for the purchase thereof must be in writing and must be filed in the County Court, or delivered to the undersigned at law office of James E. Webb, Ada, Oklahoma.

Dated the 4th day of May, 1909.

JIM CARNEY.

(First pub. May 6-10td)

OUR GUTHRIE CORRESPONDENT

Guthrie, May 5.—A requisition from the governor of Georgia was honored today asking for the return of Ben Garrett, charged with having committed the crime of murder in that state on the 19th day of December, 1903. He was afterwards indicted by a grand jury.

The contract price of the printing of the session laws of 1909 as made by the State Board of Affairs averages sixty-two cents per column of five hundred pages. Bound in sheep these laws will probably be retailed at one dollar per column and in paper much cheaper. This is a marked reduction from the prices that were formerly paid during territorial days. Session laws of two hundred pages bound in sheep then retailed from three dollars to three dollars and fifty cents per column. This is the difference between republican conception and democratic practice. This is an actual reduction in the price of printing of ever six hundred per cent.

The Southwest Country Life Association convened in Guthrie today with delegates from New Mexico, Texas, Kansas, Utah and Oklahoma in attendance. Delegates from several other states are on their way and will arrive before Thursday. A good program has been rendered today. Among the speakers were Hon. E. D. Cameron, state superintendent of Oklahoma; ex-Gov. C. M. Barnes, of Guthrie; Hon. Morrison Weimer, Ains-tad, N. M.; Hon. A. C. Nelson, state superintendent of Utah; Supt. R. H. Wilson of Chickasha; Hon. Lee Cruce of Ardmore; Prof. Geo. Landrum, of Weatherford; Dr. L. L. Lewis of the A. & M. college; Prof. A. S. Wyly of Tahlequah and Prof. Chas. N. Gould of the State University. While the attendance is not so large as was expected to be, the program is fully up to expectations. One remarkable feature is that nearly all of the participants were here and were prepared.

On account of the meeting of the Southwest Country Life commission, which has brought to the state visitors from many other states, the A. & M. college has installed in the office of the Board of Agriculture a display of dairy stock feeding and dairy products. The display is under the charge of Prof. H. P. Miller, Prof. B. C. Pittuck and J. M. Speidell. Two young ladies of the department of domestic economy, Misses Orpha Catton and Cecile Kirkpatrick, are also in attendance and are dispensing to the hungry public sandwiches buttered with the product of the A. & M. creamery and ice cold butter milk. The industrial and mechanical display is worthy of a trip of several miles to see, but the dairy display is certainly a source of information to all interested in agriculture. The several balanced rations showing the exact amount of rough feed or hay and of grain or seed products, are shown, also the chemical analysis of the several rations, showing the amount of protein, nitrogen and fat contained in each ration.

The ladies and gentlemen, in charge of the display, are entertaining talkers, and are willing not only to tell of their exhibit, but to answer any question connected with the work and management of the A. & M. college.

Officers for farmer's institutes now being held on the east side of the state have recently been elected as follows: Creek county, president, W. F. Collins; vice president, J. T. Evans secretary, H. C. Lowe; treasurer, H. E. Ritchie; delegate, W. S. Lindzie. Washington county, president, Gideon Morgan; vice president Don Guernsey; secretary, M. C. Watson; delegate, Gideon Morgan. Osage county, president, Ethen Allers; vice president, A. W. Brown; secretary, E. L. Gay; delegate, C. W. Perkins. These counties have started off in good shape, and an active campaign will be made for members, so that a large fund may be in the treasury for premiums on exhibits at the fall institute. The growing of corn and dairying are the chief topics of discussion at present. Prof. Roy C. Potts of the A. & M. college of Stillwater, is with conductor T. M. Jeffords this week. R. W. Lindsay of the Board of Agriculture is also with the lecturers. Prof. H. P. Miller has returned to his work at the college.

Normal Location.

Col. E. H. Lucas handed the information in this afternoon that these desirous of securing the location of the state normal structures for the east side of Ada were greatly appreciative, toward Mr. Dan Hays and Mr. M. B. Donaghey for their agreement to donate between them to the state twenty acres of land for normal site. In remarking about the desirability of such site for normal location Mr. Lucas stated: "An acceptance of proposed site would mean that the normal would be located on that magnificent elevation, avenue style, at the end of East Main street. From this point the view could not be more excellent and from all other points in any direction the view of the normal heights could not be surpassed. To stand in the center of the business section on Main street and look at the point proposed for the location on the east side must bring from any one an involuntary expression of approval, for it is the prettiest thing I ever saw."

EL RENO IN THE RACE.

Petition for Five Thousand Signatures Being Circulated.

El Reno, Ok., May 5.—Citizens will circulate a petition for 5,000 signatures, which will enable El Reno to become a candidate for the permanent state capital as provided for in the bill being initiated by Oklahoma City. It is understood here that Tulsa may also become a candidate.

Under terms of the measure which announces as candidates Oklahoma City, Shawnee and Guthrie, any other town, city or place desiring to become a candidate may do so by presenting to the Secretary of State a petition signed by 5,000 voters, but is required to make no bond for the first election.

State people have advocated location of the capital on the Fort Reno military reservation, five miles west of the city, which is now being used by the war department as a remount station for the cavalry. The reservation is 6x4 miles square, and would be acquired by purchase from the government.

Compliment to Gore.

The blind Senator from Oklahoma, Thomas Pryor Gore, is getting the reputation about the senate of being a "live wire." He is coming to be recognized as a good thing to let alone in a debate. While he is sight-

less, or nearly so, he has managed to absorb an enormous amount of information on economics, politics, and history, and, having a retentive memory, facts have a hard time getting away from him once he has got hold of them.

Senator Gore is a forceful and eloquent speaker, and able to take care of himself on his feet. In the senate debate the other day, he reeled off facts, dates and figures in a way that made the members sit up and take notice. Senators Scott, McCumber, and others collided with the blind man from Oklahoma and drew off in need of repairs.

Mrs. Gore takes almost as much interest in political matters as the senator himself, and finds time to do much reading to him.—Washington Times.

Oklahoma State Bank.

The attention of our readers is called to the statement in this issue of the Oklahoma State Bank, of which Mr. J. W. Hays is president. The officers and directors of this institution are considered strong and conservative business men in this country, and the figures in this statement will show that their business is growing and the institution on a good basis in general.

Eagles Tonight

The members of the local lodge of Eagles are called to meet at their hall on South Townsend tonight. Important matters will be under consideration. Robert Cummings, President.

GARRETT'S SLAYER ACQUITTED.

Self Defense the Plea—Jury Returned Verdict in Fifteen Minutes.

Las Cruces, N. M., May 4.—Wayne Brazel was acquitted tonight of the murder of Pat Garrett. The jury was out fifteen minutes. Pat Garrett was one of the most famous officers of the southwest. He was killed Feb. 20, 1908, while en route from his Dog Canyon ranch to Las Cruces, where he had an engagement to meet Jim Miller, who was lynched at Ada, Okla. several days ago. Brazel rode into Las Cruces with Carl Adamson, who had accompanied Garrett. Brazel surrendered and was locked up, while a party went out to find Garrett's body. It was picked up by the roadside a few miles from town, and there were two bullet wounds. Brazel claimed self-defense.

The case was taken up this morning and went to the jury at 5:55 o'clock. The verdict was returned at 6:10 o'clock.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. Cheney & Co., Toledo, O.

Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

Corporation Commission of Oklahoma. Order No. 198.

To the Atchison, Topeka & Santa Fe Railway Company, Chicago, Rock Island and Pacific Company, Ft. Smith & Western Railroad Company, Gulf, Colorado & Santa Fe Railway Company, Kansas City, Mexico & Orient Railway Company, Kansas City Southern Railway Company, Kansas and Arkansas Valley Railway Company, Midland Valley Railway Company, Missouri, Kansas and Texas Railway Company, Missouri, Oklahoma & Gulf Railway Company, St. Louis, Iron Mountain & Southern Railway Company, Oklahoma Central Railway Company, Poteau Valley Railroad Company, St. Louis & San Francisco Railroad Company, Denver, Wichita and Memphis Railway Company, Wichita Falls & Northwestern Railway Company, Choctaw, New Castle and Western Railroad Company.

Pursuance to issuance and service of Proposed Order No. 49, relating to the furnishing to the Corporation Commission of Oklahoma all tariffs and similar documents covering the handling and assessment of charges on Freight and Passengers, issued on the 23rd day of March, 1909, and pursuant to hearing held in the city of Guthrie on the 19th day of April, 1909 you and each of you are hereby notified that the following Order shall be in full force and effect on and after May 20, 1909.

Each Railroad and Railway Company named above shall, on or before the date this order becomes effective, file in the office of the corporation commission of Oklahoma in the City of Guthrie, State of Oklahoma, one copy of each of the following documents, affecting the transportation of Freight and Passengers upon its line of railroad or railway in the State of Oklahoma.

RULE NO. 1.

General freight and passenger tariffs, State and Inter-state, both local and joint, together with all effective amendments and supplements.

RULE NO. 2.

Special freight and passenger tariffs, scheduled and rate sheets, State and Inter-state, both local and joint, together with all effective amendments and supplements.

RULE NO. 3.

Classifications, exceptions to classifications and all effective amendments and supplements.

RULE NO. 4.

Agreements establishing freight and passenger traffic relations with other transportation lines where such relations affect freight or passengers originating at or destined to a point in Oklahoma.

RULE NO. 5.

Division sheets and basis upon which such divisions are determined, covering traffic moving under documents named in Rules One to Three inclusive.

RULE NO. 6.

Percentage sheets and the agreements under which they are made, covering traffic moving under documents named in Rules One to Three inclusive.

(Note:—Documents mentioned in Rules 4, 5 and 6 need not be furnished until specifically requested by the Commission and where such documents are furnished within ten days after a specific request from this commission, it will be considered as compliance with this order.)

RULE NO. 7.

Circulars and Orders (general) affecting the general movement, handling or disposition of freight and passengers or the revenue derived therefrom.

(Note:—This is only intended to cover general Orders and not Orders covering a specific movement or case)

RULE NO. 8.

Also at the time of their issuance and before effectiveness copies of all documents named above that may hereafter be issued for application upon such line of road.

(Note:—Documents mentioned in Rule No. 7 may be mailed to the Commission the day they are issued and such mailing will be considered compliance with this Order.)

RULE NO. 9.

Where documents called for in rules one to six inclusive are issued by one of the companies named above and other companies named above or parties thereto, only the issuing company shall be required to furnish copies.

RULE NO. 10.

Where documents referred to in Rules 1 to 6 are issued by companies not named above, but affect freight or passengers moving over the lines of one or more of the companies named above, such company or companies shall file copies of such documents with the commission the same as though they were issued by it.

(Note:—Where two or more companies named above are parties to such issues they may designate either one of such companies to furnish such documents.)

RULE NO. 11.

Where two or more of the companies named above designate some

party to issue one or more of the documents referred to in Rules One and Six inclusive, they may file with this commission a sworn statement to the effect that such party is authorized to issue such documents for their account and furnish such documents to the commission, such companies reserving the responsibility for failure on the part of said party to so furnish such copy and the commission will then accept one copy of such documents from such party as compliance with this order, so far as all of the companies filing the statement are concerned.

CEMENT NEWS COLUMN

NEWS CONCERNING ADA'S GREAT PORTLAND CEMENT MILL ITS EMPLOYEES AND THEIR FAMILIES.

W. P. Harter, of Oklahoma City, is visiting the plant today.

Ed Perryman, of the machine shop, is off on account of sickness.

Calwell, the scale man in the raw room, has returned to work, after being off sick.

John Tipton, the scale man in the clinker room, is off duty on account of his wife being very sick.

Jesse Page, miller in the clinker room, has returned to work after being off on account of sickness.

A new compressed air white-wash machine has arrived to give the buildings a new coat of white-wash.

Dan Banks, of the machine shop, has returned to work, after being off a few days on account of his wife having severe attack of neuralgia.

The new boarding house at the quarry has been completed. This building is built of re-enforced concrete. The size of the building is 25x42, two stories high and will accommodate forty men.

MISSOURI PROHIBITION MOVE.

State-Wide Measure With Double Tax on Property to Be Submitted for Vote.

Jefferson City, Mo., May 5.—The Missouri Senate today assed a resolution submitting to the people a state-wide prohibition constitutional amendment. The amendment, which came to the senate from the house, was amended with a rider, which provides for the doubling of the rate of taxation. The final vote was 23 to 8, with two senators not voting.

The senate eliminated from the amendment the provision making it effective in 1913, if adopted by the people, and if the house concurs. The whole matter must go to the house, and it is predicted that, because of the short time before the legislature adjourns, the house will not agree to the amendment calling for extra taxation, and that no further action can be taken at this session.

The prohibition advocates are much discouraged tonight at the prospective defeat of the measure.

Brown Bros. Ill Luck.

The severe wind storm of last evening did no perceptible damage in Ada with the exception of the fact that the tent of Brown Bros. Co. on the compress grounds was blown down and the top practically ruined. Of course there was no performance last evening, but they are back in ship shape condition today and will render "Auld Lang Syne" in due form this evening.

Life in this world could never be so sweet or so sad if we had not been children in it.

DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's Vegetable Compound

Paw Paw, Mich.—"I suffered terribly from female ills, including inflammation and congestion, for several years. My doctor said there was no hope for me but an operation. I began taking Lydia E. Pinkham's Vegetable Compound, and I can now say I am a well woman."

EMMA DRAFER.

Another Operation Avoided. Chicago, Ill.—"I want women to know what that wonderful medicine, Lydia E. Pinkham's Vegetable Compound, has done for me. Two of the best doctors in Chicago said I would die if I did not have an operation, and I never thought of seeing a well day again. I had a small tumor and female troubles so that I suffered day and night. A friend recommended Lydia E. Pinkham's Vegetable Compound, and it made me a well woman."

Mrs. ALVINA SPERLING, 11 Langdon St., Chicago, Ill.

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has proved to be the most successful remedy for curing the worst forms of female ills, including displacements, inflammation, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, and nervous prostration. It costs but a trifle to try it, and the result has been worth millions to many suffering women.

Ada Evening News.

ADA, OKLAHOMA

The first book printed in the United States was entitled "The Freeman's Oath."

Great Britain and Germany are again making faces at each other, but that will be all.

Great Britain's commerce fell off \$494,000,000 last year, landing, we assume, with a dull, sickening thud.

Owing to the French letter carriers' strike a number of challenges to duels are delayed in transmission.

A girl of 12 has published a book. With infant prodigies in the field what chance has the author who has reached the fateful age of 40?

A Georgia court has decided that to call a man a liar is a breach of the peace and means a fight. This is one of the cases where custom asserts itself as a lawmaker.

There would be fewer divorces, says a noted composer, if we had more music. We doubt it. Many a happy home has been broken up by the presence of a perfectly upright piano.

Castro left much of his fortune in the hands of European hotelkeepers. He was unwise to choose a time when the regular American tourist was at home saving his money.

A German professor has discovered the trachoma germ, though it was hiding in the eye of an ape. Who but a professor would have thought of looking for it there?

European swindlers who circulated \$400,000 worth of bad money in this country were most inconsiderate. The secret service has enough on its mind without this foreign interference.

As long as England expects women who set the social pace to shoot pheasants and deer it must expect somewhat excessive readiness to resort to physical violence when suffragettes get excited.

In writing a "code" letter that may accidentally fall into other hands than those of the person for whom it is intended, it is better to avoid such words as "peach," and use "mud fence," "kangaroo," "turnip," or some equally harmless substitute.

Sheep-shearing machines are now used quite extensively in Australia. In Tasmania they are just beginning to be installed. It seems only a question of time when all the sheep shearing in this island will be done by machinery, driven by steam, electric or gasoline power.

A naval court-martial has declared that the delirious delights of a happy honeymoon are no excuse for desertion from the service. As long as the cold-blooded abstraction called naval service can command legs which march and arms which carry weapons little it reckes of hearts that love.

That Americans find life especially sweeter than other nations is proved by the figures showing candy consumption. The candy bill of the United States for 1908 is \$100,000,000. This not only shows a tendency to a greater sweetness in national life, but also that if times are growing more prosaic, romance is dying hard.

An injunction has been issued by a court in Ohio forbidding a man from making love to an attractive widow. When it comes to ordering a man not to fall in love, they might as well issue injunctions against ducks swimming. Even Shakespeare, who suggested that lovers should be put in a madhouse, did not go so far as to hint at jail.

China needs a ruler who will come out in the open, live the life of a good sovereign and keep in mind that this is the twentieth century, not the tenth. Until that land gets such an emperor her lack of modern civilization and her abhorrence of modern ideas will keep her far in the background among the progressive nations of the world.

The announcement is made of a decrease in the sale of darning cotton for stockings. This may be either the result of prosperity which allows people to buy new clothes and not mend their old ones so much, or it may corroborate the charge made recently that American women are the laziest on earth. The evidence on either side is bound to be interesting.

Prince de Sagan is said to be a social outcast in Paris, ostracized by the very select circle in which he formerly moved. It is not because of any more lapses of which he may be guilty. Far from it; society formerly received him gladly for all his well-known record. It is because he has refused to accept a challenge to fight Count Boni de Castellane, and has thereby "offended a gentleman." French "honor" is a funny thing. The whole business is like an act in a comic opera.

A murderer was electrocuted in New Jersey and physicians were refused permission to try to resuscitate the victim. The New Jersey authorities have the right idea. When a criminal is once dead, it is the best to let him stay dead.

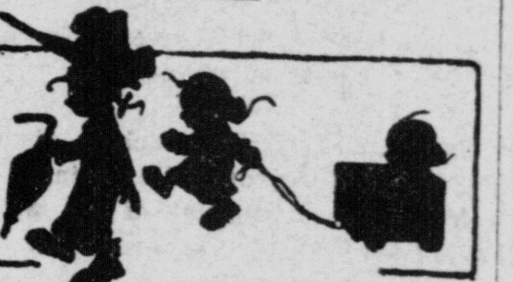

Following the revolutionary overthrow of Nord Alexis, it seems that three aspirants to the presidency of Hayti are putting forward their claims. The way out of the involvement will, it is quite within the possibilities, be sought for in another revolution.

WESTERN CANADA'S HAPPY PROSPECTS.

In no year since the development of Western Canada began has spring brought a brighter outlook than it brings this year. In no preceding spring has there been greater assurance of advancing development and prosperity. The movement of immigration has already assumed large proportions, and is as desirable in character as it is satisfactory in volume; from across the Atlantic sturdy, industrious and thrifty newcomers are arriving in large numbers, homeseekers from Ontario and the other older Provinces are coming in a steady stream, and from across the international boundary a movement is already in full flow, which, it is confidently predicted, will beat the records of all previous years; special settlers' trains are crossing the line, loaded with effects, actual material wealth being thus brought into the country at the rate of millions of dollars' worth monthly.

The movement is so unprecedentedly large that extra Dominion Immigration officials have had to be provided at both North Portal and at Emerson, and it is estimated that the total number of new settlers from the United States this year will be 70,000, at least, and may run well up toward 100,000. Last year's total of new settlers from the South was 53,723; thus the area that will be placed in wheat and other grains this year will greatly exceed that of last year. Settlers are making extraordinary efforts to get on their lands and begin seeding operations. The price of wheat now, away above the dollar mark, is incentive enough, and when one has in view the splendid results that the past few years have shown, it is not to be wondered at that the present will be the banner year for Immigration to Canada. Ask your nearest Canadian Government Agent for rates of transportation, and he will also send you illustrated pamphlets.

UNPLEASANT OUTLOOK.

"I hope it don't rain; it'll take all de starch out of my dress." "Yes, and if maw sees you in your best dress she'll take de starch out of you!"

CURED ITCHING HUMOR.

Big, Painful Swellings Broke and Did Not Heal—Suffered 3 Years.

Tortures Yield to Cuticura.

"Little black swellings were scattered over my face and neck and they would leave little black scars that would itch so I couldn't keep from scratching them. Larger swellings would appear and my clothes would stick to the sores. I went to a doctor, but the trouble only got worse. By this time it was all over my arms and the upper part of my body in swellings as large as a dollar. It was so painful that I could not bear to lie on my back. The second doctor stopped the swellings, but when they broke the places would not heal. I bought a set of the Cuticura Remedies and in less than a week some of the places were nearly well. I continued until I had used three sets, and now I am sound and well. The disease lasted three years. O. L. Wilson, Puryear, Tenn., Feb. 8, 1908."

Potter Drug & Chem. Corp., Sole Props., Boston.

His Conscience.

"Will you have a cocktail, Mr. Snidgerly?" "No, my wife does not permit me to drink intoxicants of any kind." "Let me buy you a cigar." "My wife has made me promise that I will never smoke any more." "Well, well. I wish there was something I could do to make it pleasant for you." "Is there a naughty show of any kind in town? If so, take me to it. My wife will not be able to smell it on my breath."

Important to Mothers.

Examine carefully every bottle of CASTORIA a safe and sure remedy for infants and children, and see that it bears the Signature of *Dr. J. C. Williams*. In Use For Over 30 Years. The Kind You Have Always Bought.

No Escape.

"The smell of smoke certainly does make me ill." "Then why do you allow your husband to smoke so much in the house?" "I might as well. When my husband isn't smoking the chimney is."

Vast Area for Trees.

England has 17,000,000 acres of land available for forestation.

Clear white clothes are a sign that the housekeeper uses Red Cross Ball Blue. Large 2 oz. package, 5 cents.

Two is company; three a soulless corporation.

TO MY MANY OKLAHOMA FRIENDS

For thirty years or more, thousands of families now in the State of Oklahoma have relied on GROVE'S TASTELESS CHILL TONIC and LAXATIVE BROMO QUININE for treating members of their families, and while they have never met me I feel that many of them feel they know me.

I have never placed on the market anything that did not possess superior merit, in fact I never recommend any article to the public without I am convinced that it possesses more merit than anything previously introduced.

Because of the splendid reputation which GROVE'S TASTELESS CHILL TONIC and LAXATIVE BROMO QUININE have made in the homes of Oklahoma I feel that I could not afford to recommend to my friends any new preparation without I was thoroughly convinced that it really possessed more merit than anything of a similar nature ever placed on the market.

DR. PORTER'S HEALING OIL

was discovered by an old Railroad Surgeon and used by him in surgical operations. After testing it in every way possible, and being convinced it was a wonderful discovery and possessed merit far superior to anything else of the kind ever offered to the public, the PARIS MEDICINE COMPANY, of which I am President, bought the rights and are now manufacturing and introducing it, and to my many friends who have used GROVE'S TASTELESS CHILL TONIC and LAXATIVE BROMO QUININE for so many years, I wish to state that I know DR. PORTER'S HEALING OIL will cure Old Sores no matter of how long standing that other remedies have failed to cure; will relieve the pain of a Burn instantly and take out all inflammation in one day; will relieve the pain of a Cut instantly and will heal it in one day, and absolutely prevents any risk of blood poisoning in hurts or wounds of any kind. It is needed in every home. When any of the family are severely burned or cut, or a horse is badly injured on a wire fence you haven't time to send for a remedy but you need it at once; therefore, do not delay in purchasing a regular 25c package under our positive guarantee. The only remedy which will cure collar and saddle galls while the horse is being worked. We have authorized every dealer to refund to the purchaser the full retail price in every case where the purchaser says it is not the best remedy ever used. Understand we do not mean as good as any other remedy, but if you are not convinced that it is the best healing remedy you ever used the druggist will refund the price you paid for it. Prices, 25c, 50c and \$1.00.

We guarantee it to cure:
 Old Sores, Burns, Granulated Eyelids, Chronic Catarrh, Cracked Heel,
 Running Sores, Boils, Scald Head, Sore Throat, Scratches,
 Fever Sores, Carbuncles, Scalp Diseases, Sore Gums, Nails in Feet,
 Eczema, Itch, Corns, Ear Ache, Thrush,
 Ivy Poison, Skin Diseases, Bites & Stings, Warts, Mange,
 Sore and Tender Feet.

Government Land Open to Settlement, May 22

Some of the richest and most productive farm lands in the world lies in the "Big Horn Basin" of Wyoming. THE UNITED STATES GOVERNMENT is spending seven million dollars in building great concrete dams and ditches in order to lead an inexhaustible supply of water to irrigate some of the best of these lands and make them independent of rainfall. A great portion of this work is completed and

The Government Now Offers the Land to You

You have the opportunity to get from the Government a wonderfully productive farm, with water whenever you want it, regardless of rainfall; in a country where a single crop can be made to pay for the land; where 50 bushels of wheat or barley, and 75 bushels of oats are commonly grown to the acre; where fruits grow luxuriantly and where the glorious air and sunshine, Summer and Winter, makes life a joyous thing. A Government representative will show you the land.

This wonderful country is developing fast. Churches and schools abound. The population is intelligent, God fearing and law abiding, and any man out there who is half a man has the opportunity to quickly make himself independent.

Land in this great country is going fast. If you have any thought for the welfare of yourself or children find out all about this offer from the United States Government.

D. Clem Deaver, 69 Q Building, Omaha, Neb. Send me Government folders and maps about Big Horn Basin farm lands.

CONSPIRACY CASES A BIG FARGE

GOVERNMENT SLEUTHS HAVE
PLAYED TO THE GALLERIES
AND WILL LOSE.

INVESTIGATION NEXT MONDAY

Leading Men in Other Towns Than
Muskogee Are Involved in the
Persecution.

Muskogee, Okla., May 5.—The interest in the alleged town lot conspiracy cases, in which seven prominent citizens of Muskogee are involved, and which will be the subject of investigation by the new federal grand jury at Tulsa next Monday, has not lagged for one moment, nor is it going to lag until the question is settled once and for all.

The fact that prosecutions will in all likelihood be brought against leading men in the town of Okmulgee, Sapulpa, Holdenville, Bristow and Wewoka has added zest to the game and everyone is on the tip-toe of expectancy.

The government cannot afford to merely go after citizens of Muskogee when hundreds of men in the various Creek and Seminole nation towns, are equally guilty. But when there comes the rub—could these "arch-conspirators" have deceived the town site commission, which had charge of the distribution of lots in these towns, when the commission itself not only approved, but suggested, the manner in which these self-same persons obtained their alleged surpluses of town realty.

It is said that J. George Wright, at that time resident Indian inspector, agreed that the plan of solidifying to so-called "dummies" was perfectly legitimate and that no one by so doing was in anyway defrauding Uncle Sam or the Creek nation. No one denies that "dummies" were scheduled certain lots and that, for a consideration, they quit-claimed them back to old residents of Muskogee. The government, for the price demanded for the lots, the Creek tribe was satisfied; the town-site commission O. K'd the deal; the Indian inspector saw no wrong in it; the government wasn't tearing its shirt over the "awful crime;" and Mr. Mott, Creek national attorney, had not at that time arrived on the ground with a \$5,000 yearly salary attachment.

To the person who knows and understands conditions as they were in Indian Territory under the czar-like rule of the interior department, which turned out new rules and regulations as fast as the government stenographers could bat 'em out—the whole matter seems unduly farcical, and it will likely be seen in that light when the government attorneys and the new jury get down to business next Monday.

The government is not making the "hurrah" about the prosecutions this trip. There are no brass band tactics but the federal sleuths are still on the job and the witnesses that were summoned last February from Maine to Oregon will hold a reunion at Tulsa Monday. It will be a nice trip for them; they can see the country and probably invest some money in Oklahoma dirt; they can go back home and boost for the baby state; and Uncle Sammy will pay all the bills and ask but few questions. Mott's reputation will be made and he will be in a position to be chief legal advisor. The Cannibal King of the Hoo-Hoo Islands.

It all adds spice to the life on the bounding prairies; it gives the newspapers something to write about it helps out the hotel business and the railroads and yet everybody wonders what it is all about and how acts, licensed by the government townsites representatives, can now be strangely distorted into hideous-faced crime and men who stand high in the community be branded as criminals.

It's a bowling, rowling farce and the government deep down in its heart of hearts knows it. Of course they intend to play the game to the limit however, and the prominent citizens of Wagoner, Eufaula, Okmulgee, Tulsa, and the other government towns better be humping themselves and looking up some bondsmen—for your Uncle Sam has his apurs on and is carrying a blunderbuss.

EXPECT A BATTLE.

Marshals Posse in Jack Fork Mountains After Illicit Stills.

Muskogee, Okla., May 5.—A battle between deputy United States marshals and moonshiners in the Jack Fork mountains, near the boundary lines of Poshmataha county, can be looked for within the next twenty-four hours, according to advices received at the office of United States Marshal Victor this afternoon. Victor and District Revenue Collector Will Irwin are at the head of a posse of twenty-five men and at daybreak this morning left Hugo for the mountains where four stills have been located.

A few days ago, Irwin arrested George Johnson, an alleged moonshiner, at Hugo, and he is said to have made a confession implicating others. Irwin left for Hugo and last night wired the office here for assistance. He was instructed to swear in as many men as he needed and take the moonshiners. Illicit stills are reported in operation in large numbers. Marshal Victor is acting under instructions from Washington.

Wheat Still Rising.

Chicago, May 5.—A new record was made for May wheat in the Chicago board of trade today. It selling at \$1.20 1-2. Other deliveries also made sharp gains, July wheat selling for \$1.17.

Trade in the pit was active, and general and it was rumored early in the session that the Patton crowd was once more buying heavily on both May and July deliveries. Offerings during the entire day, were inadequate for the strong demand.

At Columbus, Ohio, milling wheat sold for \$1.50 a bushel, the highest price paid in the United States in the past 31 years. It is confidently predicted by the millers and elevator men that the farmers will receive \$1.50 for their grain before the present upward movement culminates.

A record price was also set in the New York grain markets, where the price advanced to \$1.35 per bushel. There is a rumor in New York that a pool has been formed to keep July wheat at a high price.

Fred Warren on Trial.

Fort Scott, Kas., May 5.—After ex-Governor William Taylor of Kentucky, and one or two other witnesses had testified on each side, argument was begun here this afternoon in the case of Fred Warren, manager of the Appeal to Reason, a Socialist paper, charged with violating the postal laws. Taylor was called by the prosecution. The government merely asked him a few questions to establish the identity of persons referred to in the defendant's offer of a reward for anyone who would kidnap the ex-governor.

Notice to Warrant Holders.

All parties holding warrants issued by the Board of Education of the City of Ada, Oklahoma, from registered number 127 to 628 inclusive, also registered numbers 406 to 426 are requested to deliver them to me for cancellation and payment out of refunding bond issue.

W. D. HAYS, Treasurer.

AMERICAN AND MEXICAN RULERS TO MEET

TAFT AND DIAZ TO JOIN HANDS
AT EL PASO.

President Taft Has Accepted Invitation to Attend the El Paso Fair.

Washington, May 5.—The people of El Paso, Tex., today made important progress in their long cherished dream of having the president of the United States and the president of Mexico clasp hands across the international boundary line on the public bridge that connects El Paso with Juarez, Mexico, when President Taft tentatively accepted the invitation of the citizens of El Paso to spend a day in that city.

The two cities are to have brilliant fiestas during the period of the El Paso fair, the first week of November, and an effort is being made to have President Diaz of Mexico attend the celebration at Juarez on the day President Taft attends the fair at El Paso. The rest, it is thought, would be easy.

The invitation to President Taft to attend the fair at El Paso was extended today by Representative Smith of Texas. The president seemed highly gratified over the invitation and told Representative Smith that he thought he could arrange to accept it.

President Taft will also visit Galveston on his trip to Texas in the fall, an invitation to come to that city having been tendered to the president by Senator Culberson on behalf of the Galveston Board of Trade. President Taft was not at the White House when Senator Culberson presented the invitation, but a statement was subsequently given out by Secretary Carpenter that the president will be pleased to visit Galveston in the event that he comes to Texas next fall.

A FALSE ALARM.

Report that Ardmore Was Destroyed by Cyclone Unfounded.

Newspaper reports this morning indicated that the city of Ardmore was partially destroyed last evening by a tornado which swept the south central part of the state. The press reports stated that all communication by wire was practically cut off, but that meager reports were to the effect that Ardmore had suffered serious damage.

On reading these reports those citizens of Ada who have relatives and friends in Ardmore were very much alarmed, so the News immediately phoned to Ardmore to ascertain whether or not the reports could be verified. Our informant stated that the report was positively false, that they had only had a fine rain and nothing more.

The First National.

Referring to the showing through publication of the condition of the First National bank when the comptroller of currency had made his regular call it is thought fitting that special complimentary reference be made in behalf of such bank and Mr. Timberlake, cashier and in charge since the figures in the sworn statement affords the information that such institution is notably growing.

This bank has around \$170,000 in deposits and not for from half of that amount in cash in sight and reserve. Mr. Timberlake is congratulated.

Prominent Durant Visitors.

Hon. A. C. Hayden, mayor of Durant, and Dr. W. H. Hiff, oil expert from the same city, are in Ada. Mr. Hayden is on his return from the state meeting Knights of Pythias at Oklahoma City, while Dr. Hiff is visiting his friend Rev. Stubblefield. Accompanied by Messrs. Beck, Hope and Hardin they were driven over the country today making observations on the oil prospects contingent to Ada. Dr. Hiff has oil interests at Durant and Madill and is an oil expert. He and Mr. Hayden are both highly pleased with prospects here so far as they have observed.

NOTICE.

All parties owing me will please call and settle at once as I am needing it badly. J. B. Chapman.

CITIZENS DETERMINED ON STATE SUMMER NORMAL

BUSY MEETING IN 25,000 CLUB
ROOMS LAST EVENING.

Committee Appointed to Take Matter in Hand and Complete the Work.

A mass meeting of Ada citizens occurred in the Club rooms at five o'clock last afternoon and discussion was had concerning the better plan to pursue in financing and properly supporting a summer state normal.

County Supt. Pierce and normal vice president, Perkins, addressed the meeting. During their recital of their estimation of the summer state normal situation, a letter was read from the president of Ada normal, Prof. Charles Briles, stating among other things in substance that while he would be required to remain at Muskogee until the conclusion of the session of the city schools of which he is superintendent, the Ada people could feel assured that he would co-operate with them in every manner possible along what ever lines in the state normal program considered more desirable to pursue.

The earnestness and more or less elaborateness of the remarks addressed by Messrs. Pierce and Perkins evidenced their great interest in the success of the Ada normal and their intention of going all the way in the labor of helping develop to success Ada's determined achievement.

Earnest remarks were addressed to the meeting by Tom Hope, W. C. Duncan, Prof. Matthews and others. All present were united in the determination to put on the best summer state normal possible. Ada's magnificent \$40,000 High school building and the several commodious ward school buildings will be utilized to accommodate the six hundred teachers it is proposed to attract to this city this summer. Hundreds of the best homes of the city will be thrown open to teachers without consideration of money or inconvenience.

Following thorough discussion, it was agreed that an executive committee should be selected, who should control and direct the movement and campaign to hold this city on the state normal map in this state in proper position and dignity. The following is the committee: E. H. Lucas, W. H. Eber, J. W. Hays, Tom Hope, M. W. Ligon, T. F. Pierce and Otis B. Weaver.

SENATOR RODDIE ACQUITTED.

Insurance Company Fails to Make Embezzlement Charge Stick.

Senator R. M. Roddie of Ada, Ok., who represents the Twenty-third district in the legislature, was triumphantly acquitted by Judge Jackson of the county court, today, of the charge of embezzling \$84 from the Indian State Insurance company of Indianapolis, while acting as its agent at Fort Gibson, Ok., two years ago.

The senator was arrested during the latter part of the recent session of the legislature on a warrant sworn out in Justice Lieber's court by a representative of the company. The case was to have come up before the justice today but it was taken before Judge Jackson on a change of venue granted by the justice. The senator was represented by Attorney J. C. Stone and the state by County Attorney Crump and Judge Robertson. The testimony of the state's witnesses was very weak and did not make a case and it only required the introduction of a receipt signed by the president and secretary of the company to prove that Senator Roddie had settled with the company in full and that there was no foundation for the charge that he had embezzled even a penny of the company's money.

Senator Roddie immediately filed suit against the State Life Insurance Company of Indianapolis and W. H. Merchant, general agent, for \$25,000 damages for malicious prosecution.

Bad for Fort Gibson.

Guthrie, Okla., May 5.—It was discovered today by the Board of Public Affairs that the enacting clause in the appropriation bill for the blind school at Ft. Gibson, had been omitted and the bill thereby left inoperative. No plans have yet been devised for the maintenance of the school.

Entered as Second Class matter March 8, 1904 at the Postoffice at Ada, Oklahoma, under the Act of Congress of March 3, 1879.

OUR WASHINGTON LETTER

Washington May 5.—The secretary of the interior has approved new regulations for the leasing of the allotted lands of the Osage nation. Regulations provide that the allottees may lease their allotment for a period of five years for agricultural purposes and three years for grazing purposes. All leases to be approved by the secretary of the interior. The lands to be leased in any lease must be claimed jointly or through an attorney and be under the supervision of the supervisor of the Osage agency. The secretary is authorized to act for minor allottees in lease matters. No one person is allowed to lease more than 640 acres of land for either agricultural or grazing purposes.

Since the lower house of congress decided to take the duty off crude oil in the tariff bill the Gulf pipe line has cut the price of oil to thirty cents. Representatives of that company have since been in Washington trying to get the secretary of the interior to let them settle with the Indians for their royalty on a basis of thirty cent oil. As the Standard is still paying 41 cents so far as the department knows they are insisting that the settlement shall be on a basis of 41 cents per barrel for oil. There is a clause in all the oil lease contracts which provides that the settlement with the Indians for royalty shall be based on the highest market price being paid for oil. The Standard has always fixed this market.

Since the announcement of the Attorney General that the alleged town to find cases in Oklahoma is again to be returned to the grand jury the Oklahoma contingent in Washington has a growing suspicion that there are some Oklahoma republicans back of the movement. It is the puzzle at this time to find out who would benefit most by the political defeat of Governor Haskell and when that is done it will probably be easy to put one's finger on the republicans who at most insist that the indictments should be brought. This matter will be watched with closest interest both in Oklahoma and Washington. If there are republicans or democrats either who are secret working in this manner to cause the political downfall of Gov. Haskell and the indictment of other prominent Oklahomans they are certain to be spotted sooner or later.

S. M. McGowan, formerly supervisor of the Indian school at Chilocco against whom indictments were returned by the federal court at Guthrie two months ago charging him with misappropriation and misapplication of funds at the Indian school in Washington, demanding in immediate hearing in the matter. He is also demanding to see a copy of the charges filed against him. He claims that the indictments against him were the results of spite work on the part of enemies in the Indian office in Washington. Mr. McGowan has been in the Indian service twenty years and was considered one of the best men in the service. It is understood that he incurred the displeasure of Commissioner Leupp and then his troubles began.

A bill has been introduced in the lower house of congress to make Woodward and Guyton federal court towns in the Western district of the state. No action will be taken on the bill at this session but it may possibly be brought up at the next regular session.

It is understood that the Indian office and the department of the interior have approved the recommendations for the appointment of Vernon Whiting, Ned Shison and J. A. Dunnegan to be district agents in the western part of Oklahoma and that their appointments will be made soon.

Representative Bird McGuire and State Chairman Joe Norris are said to be grooming Judge Milton Garber of Enid for the republican nomination.

tion for governor at the next election. It is understood that Joe McGuire of Guthrie, Ed Clark of Pawnee, O. G. Jones of Oklahoma City, former governor Tom Ferguson of Wagona and possibly others on the west side of the state. Dr. L. F. Cain, private secretary to Congressman Cragg of Choctaw, is a candidate from the east side of the state.

An effort will be made immediately after the fourth of July when the next postoffice appropriations are available to establish complete systems of rural mail routes in several Oklahoma counties.

For Service Today.

Mr. B. F. Flick of the Ada Ice and Fuel company started his service today in real earnest. He has two well equipped wagons and will make every street within the city limits daily.

Normal School.

Those having work that may be done by boys or girls attending the Normal school the ensuing year—such as general house work, chores, janitors at business houses and the like please notify me soon so that we may announce in our catalog that many deserving boys and girls may thus make part or all their expenses. Homes may thus get reliable help. M. L. Perkins. 6td

Notice of the First Meeting of Creditors

In the District Court of the United States for the Eastern District of Oklahoma at Ada. In the matter of J. P. Bryant of Rock, Oklahoma Bankrupt.

To the Creditors of J. P. Bryant a Bankrupt. Notice is hereby given that on the 5th day of April 1909 the said J. P. Bryant was duly adjudicated bankrupt and that the first meeting of his creditors will be held at my office at Ada, Oklahoma at 10 o'clock in the forenoon on the 17th day of May A. D. 1909 at which time the creditors may attend, prove their claims, appoint a trustee, examine the bankrupt and transact such other business as may properly come before the said meeting.

This 6th day of May 1909. A. H. CONSTANT, Release in Bankruptcy. The Ada Weekly News published at Ada, Oklahoma, is designated as the official paper in which all notices pertaining to this proceeding will be published. (24 Std in weekly on 17th)

Notice of Sale of Real Estate.

In the matter of the Guardianship of Nannie Ford. Notice is hereby given in pursuance of an order of the County Court of the County of Pontotoc, State of Oklahoma made on the 5th day of May 1909, the undersigned Guardian of the estate of Nannie Ford will sell at private sale to the highest bidder subject to confirmation by said court on Saturday the 22nd day of May A. D. 1909 at 11 o'clock A. M. at County Court House Ada, Oklahoma all the right title and interest of said Nannie Ford in and to the following described real estate situated in Pontotoc County State of Oklahoma to wit: East one-half of the Southeast quarter of the Southeast quarter and the Northeast quarter of the Southeast quarter Sec 17 Township (4) North Range (8) East containing (60) acres. Said real estate will be sold on the following terms and conditions to wit: Cash at private sale. Bids for the purchase thereof must be in writing and must be filed in the County Court or delivered to the undersigned at law office of James E. Webb, Ada, Oklahoma. Dated the 4th day of May, 1909. J. M. CARNEY (First pub May 6—10td)

OUR GUTHRIE CORRESPONDENT

Guthrie May 5.—A requisition from the governor of Georgia was honored today asking for the return of Ben Garrett charged with having committed the crime of murder in that state on the 19th day of December 1907. He was afterwards indicted by a grand jury.

The contract price of the printing of the session laws of 1909 as made by the State Board of Affairs averages sixty two cents per column of five hundred pages. Bound in sheep these laws will probably be retailed at one dollar per column and in paper much cheaper. This is a marked reduction from the prices that were formerly paid during territorial days. Session laws of two hundred pages bound in sheep then retailed from three dollars to three dollars and fifty cents per column. This is the difference between republican conception and democratic practice. This is an actual reduction in the price of printing of over six hundred per cent.

The Southwest Country Life Association convened in Guthrie today with delegates from New Mexico, Texas, Kansas, Utah and Oklahoma in attendance. Delegates from several other states are on their way and will arrive before Thursday. A good program has been rendered today. Among the speakers were Hon. E. D. Cameron, state superintendent of Oklahoma, ex-Gov. C. W. Barnes of Guthrie, Hon. Morrison Weaver, Assistant N. H. Hon. A. C. Nelson, state superintendent of Utah, Supt. R. H. Wilson of Chickasha, Hon. Lee Cruse of Ardmore, Prof. Geo. Landrum of Weatherford, Dr. L. L. Lewis of the A. & M. college, Prof. A. S. Wilt of Tahlequah and Prof. Chas. N. Gould of the State University. While the attendance is not so large as was expected to be the program is fully up to expectations. One remarkable feature is that nearly all of the participants were here and were prepared.

On account of the meeting of the Southwest Country Life commission which has brought to the state visitors from many other states the A. & M. college has installed in the office of the Board of Agriculture a display of dairy stock feeding and dairy products. The display is under the charge of Prof. H. P. Miller, Prof. B. C. Pittcock and J. M. Spindell. Two young ladies of the department of home economics, Misses Opha C. and Cecile Kirtland, are also in attendance and are dispensing to the hungry public sandwiches lathered with the product of the A. & M. creamery and ice cold butter milk. The industrial and mechanical display is worthy of a trip of several miles to see it. The dairy display is certainly a source of information to all interested in agriculture. The several financed institutions showing the vast amount of rough feed or hay or grain or seed products are shown also the chemical analysis of the several institutions showing the amount of protein nitrogen and fat contained in each ration.

The ladies and gentlemen in charge of the display are entertaining talks and are willing not only to tell of their exhibit but to answer any question connected with the work and management of the A. & M. college.

Officers for future institutes now being held on the east side of the state have recently been elected as follows: Creek county president W. F. Collins, vice president J. T. Evans, secretary H. C. Lowe, treasurer H. E. Rutledge, delegate W. S. Lindzie, Washington county president Gideon Morgan, vice president Don Guernsey, secretary M. C. Watson, delegate Gideon Morgan, Osage county president Ethel Allen, vice president A. W. Brown, secretary E. L. Gay, delegate C. W. Perkins. These counties have started off in good shape and an active campaign will be made for members so that a large fund may be in the treasury for premiums on exhibits at the fall institute. The growing of corn and dairying are the chief topics of discussion at present. Prof. Roy C. Potts of the A. & M. college of Stillwater is with conductor T. M. Jeffords this week. R. W. Lindsay of the Board of Agriculture is also with the lecturers. Prof. H. P. Miller has returned to his work at the college.

Normal Location.

Col. E. H. Lucas handed the information in this afternoon that the desirability of securing the location of the state normal structures for the east side of Ada were greatly appreciative toward Mr. Din Hays and Mr. M. B. Donaghy for their agreement to donate between them to the state twenty acres of land for normal site in remarking about the desirability of such site for normal location. Mr. Lucas stated: An acceptance of proposed site would mean that the normal would be located on that magnificent elevation avenue style at the end of East Main street. From this point the view could not be more excellent and from all other points in any direction the view of the normal heights could not be surpassed. To stand in the center of the business section on Main street and look at the point proposed for the location on the east side must bring from any one an involuntary expression of approval for it is the prettiest thing I ever saw.

EL RENO IS THE RACE.

Petition for Five Thousand Signatures Being Circulated.

El Reno, Ok. May 5.—Citizens will circulate a petition for 5,000 signatures which will enable El Reno to become a candidate for the permanent state capital is provided for in the bill being initiated by Oklahoma City. It is understood here that Tulsa will also become a candidate.

Under terms of the measure which announces as candidates Oklahoma City, Shawnee and Guthrie any other town, city or place desiring to become a candidate may do so by presenting to the Secretary of State a petition signed by 5,000 voters but is required to make no bond for the first election. State people have advocated location of the capital on the Fort Reno military reservation five miles west of the city which is now being used by the war department as a remount station for the cavalry. The reservation is 64 miles square and would be acquired by purchase from the government.

Compliment to Gore

The blind Senator from Oklahoma, Thomas P. Gore, is getting the reputation about the senate of being a live wire. He is coming to be recognized as a good thing to let alone in a debate. While he is sight-

less or nearly so he has managed to absorb an enormous amount of information on economics, politics and history and having a retentive memory facts have a hard time getting away from him once he has got hold of them.

Senator Gore is a forceful and eloquent speaker and able to take care of himself on his feet in the senate debate. The other day he fooled off his dates and figure in a way that made the members sit up and take notice. Senators Scott, McCumbe and others collided with the blind man from Oklahoma and drew off in need of repairs.

Mrs. Gore takes almost as much interest in political matters as the senator himself and finds time to do much reading to him. Washington Times.

Oklahoma State Bank.

The attention of our readers is called to the statement in this issue of the Oklahoma State Bank of which Mr. J. W. Hays is president. The officers and directors of this institution are considered strong and conservative business men in this country and the figures in this statement will show that their business is growing and the institution on a sound basis in general.

Mr. E. P. Wood of the firm of E. P. Wood & Co., of Durant, dealers in school, church and opera house furniture and fixtures, is in the city looking to the sale of the fixtures for the South Central Normal school at this place.

Eagles Tonight

The members of the local lodge of Eagles are called to meet at their hall on South Townsend tonight. Important matters will be under consideration. Robert Cummings, President.

Garrett's Slayer Acquitted.

Self Defense the Plea—Jury Returned Verdict in Fifteen Minutes.

Las Cruces, N. M., May 4.—Wayne Brazel was acquitted tonight of the murder of Pat Garrett. The jury was out fifteen minutes. Pat Garrett was one of the most famous officers of the southwest. He was killed Feb. 20, 1908, while en route from his Dog Canyon ranch to Las Cruces, where he had an engagement to meet Jim Miller, who was lynched at Ada, Okla. several days ago. Brazel rode into Las Cruces with Carl Adamson, who had accompanied Garrett. Brazel surrendered and was locked up, while a party went out to find Garrett's body. It was picked up by the roadside a few miles from town, and there were two bullet wounds. Brazel claimed self-defense.

The case was taken up this morning and went to the jury at 5:55 o'clock. The verdict was returned at 6:10 o'clock.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. Cheney & Co., Toledo, O.

Sold by Druggists, 75c.

Pursuant to issuance and service of Proposed Order No. 49, relating to the furnishing to the Corporation Commission of Oklahoma all tariffs and similar documents covering the handling and assessment of charges on Freight and Passengers, issued on the 23rd day of March, 1909, and pursuant to hearing held in the city of Guthrie on the 19th day of April, 1909 you and each of you are hereby notified that the following Order shall be in full force and effect on and after May 20, 1909.

Each Railroad and Railway Company named above shall, on or before the date this order becomes effective, file in the office of the corporation commission of Oklahoma in the City of Guthrie, State of Oklahoma, one copy of each of the following documents, affecting the transportation of Freight and Passengers upon its line of railroad or railway in the State of Oklahoma.

RULE NO. 1.

General freight and passenger tariffs, State and Inter-state, both local and joint, together with all effective amendments and supplements.

RULE NO. 2.

Special freight and passenger tariffs, scheduled and rate sheets, State and Interstate, both local and joint, together with all effective amendments and supplements.

RULE NO. 3.

Classifications, exceptions to classifications and all effective amendments and supplements.

RULE NO. 4.

Agreements establishing freight and passenger traffic relations with other transportation lines where such relations affect freight or passengers originating at or destined to a point in Oklahoma.

RULE NO. 5.

Division sheets and basis upon which such divisions are determined, covering traffic moving under documents named in Rules One to Three inclusive.

RULE NO. 6.

Percentage sheets and the agreements under which they are made, covering traffic moving under documents named in Rules One to Three inclusive.

(Note:—Documents mentioned in Rules 4, 5 and 6 need not be furnished until specifically requested by the Commission and where such documents are furnished within ten days after a specific request from this commission, it will be considered as compliance with this order.)

RULE NO. 7.

Circulars and Orders (general) affecting the general movement, handling or disposition of freight and passengers or the revenue derived therefrom.

(Note:—This is only intended to cover general Orders and not Orders covering a specific movement or case.)

RULE NO. 8.

Also at the time of their issuance and before effectiveness copies of all documents named above that may hereafter be issued for application upon such line of road.

(Note:—Documents mentioned in Rule No. 7 may be mailed to the Commission the day they are issued and such mailing will be considered compliance with this Order.)

RULE NO. 9.

Where documents called for in rules one to six inclusive are issued by one of the companies named above and other companies named above or parties thereto, only the issuing company shall be required to furnish copies.

RULE NO. 10.

Where documents referred to in Rules 1 to 6 are issued by companies not named above, but affect freight or passengers moving over the lines of one or more of the companies named above, such company or companies shall file copies of such documents with the commission the same as though they were issued by it.

(Note:—Where two or more companies named above are parties to such issues they may designate either one of such companies to furnish such documents.)

RULE NO. 11.

Where two or more of the companies named above designate some

documents referred to in Rules One and Six inclusive, they may file with this commission a sworn statement to the effect that such party is authorized to issue such documents for their account and furnish such documents to the commission, such companies reserving the responsibility for failure on the part of said party to so furnish such copy and the commission will then accept one copy of such documents from such party as compliance with this order, so far as all of the companies filing the statement are concerned.

CEMENT NEWS COLUMN

NEWS CONCERNING ADA'S GREAT PORTLAND CEMENT MILL ITS EMPLOYEES AND THEIR FAMILIES.

W. P. Harter, of Oklahoma City, is visiting the plant today.

Ed Perryman, of the machine shop, is off on account of sickness.

Calwell, the scale man in the raw room, has returned to work, after being off sick.

John Tipton, the scale man in the clinker room, is off duty on account of his wife being very sick.

Jesse Page, miller in the clinker room, has returned to work after being off on account of sickness.

A new compressed air white-wash machine has arrived to give the buildings a new coat of white-wash.

Dan Banks, of the machine shop, has returned to work, after being off a few days on account of his wife having severe attack of neuralgia.

The new boarding house at the quarry has been completed. This building is built of re-enforced concrete. The size of the building is 25x42, two stories high and will accommodate forty men.

MISSOURI PROHIBITION MOVE.

State-Wide Measure With Double Tax on Property to Be Submitted for Vote.

Jefferson City, Mo., May 5.—The Missouri Senate today assented a resolution submitting to the people a state-wide prohibition constitutional amendment. The amendment, which came to the senate from the house, was amended with a rider, which provides for the doubling of the rate of taxation. The final vote was 23 to 8, with two senators not voting.

The senate eliminated from the amendment the provision making it effective in 1913, if adopted by the people, and if the house concurs.

The whole matter must go to the house, and it is predicted that, because of the short time before the legislature adjourns, the house will not agree to the amendment calling for extra taxation, and that no further action can be taken at this session.

The prohibition advocates are much discouraged tonight at the prospective defeat of the measure.

Brown Bros. Hit Luck.

The severe wind storm of last evening did no perceptible damage in Ada with the exception of the fact that the tent of Brown Bros. Co. on the compress grounds was blown down and the top practically ruined. Of course there was no performance last evening, but they are back in ship shape condition today and will render "Auld Lang Syne" in due form this evening.

DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's Vegetable Compound

Paw Paw, Mich.—'I suffered terribly from female ills, including inflammation and congestion, for several years My doctor said there was no hope for me but an operation I began taking Lydia E. Pinkham's Vegetable Compound, and it can now say I am a well woman'

EMMA DRAFER, Chicago, Ill.—'I want women to know what that wonderful medicine, Lydia E. Pinkham's Vegetable Compound has done for me Two of the best doctors in Chicago said I would die if I did not have an operation, and I never thought of seeing a well day again I had a small tumor and female troubles so that I suffered day and night A friend recommended Lydia E. Pinkham's Vegetable Compound, and it made me a well woman'—Mrs. ALVENA SPERLING, 11 Langdon St., Chicago, Ill.

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has proved to be the most successful remedy for curing the worst forms of female ills, including displacements, inflammation, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, and nervous prostration. It costs but a trifle to try it, and the result has been worth millions to many suffering women.

FITS

Great Britain and Germany are again making faces at each other, but that will be all

Great Britain's commerce fell off \$494,000,000 last year landing we assume with a dull sickening thud

Owing to the French letter carriers strike a number of challenges to duels are delayed in transmission

A girl of 12 has published a book With infant prodigies in the field what chance has the author who has reached the fateful age of 40?

A Georgia court has decided that to call a man a liar is a breach of the peace and means a fight This is one of the cases where custom asserts itself as a lawmaker

There would be fewer divorces says a noted composer if we had more music We doubt it Many a happy home has been broken up by the presence of a perfectly upright piano

Castro left much of his fortune in the hands of European hotelkeepers He was unwise to choose a time when the regular American tourist was at home saving his money

A German professor has discovered the trachoma germ though it was hiding in the eye of an ape Who but a professor would have thought of looking for it there?

European swindlers who circulated \$400,000 worth of bad money in this country were most inconsiderate The secret service has enough on its mind without this foreign interference

As long as England expects women who set the social pace to shoot pheasants and deer it must expect somewhat excessive readiness to resort to physical violence when suffragettes get excited

In writing a code letter that may accidentally fall into other hands than those of the person for whom it is intended it is better to avoid such words as peach and use mud fence kangaroo turnip or some equally harmless substitute

Sheep shearing machines are now used quite extensively in Australia In Tasmania they are just beginning to be installed It seems only a question of time when all the sheep shearing in this island will be done by machinery driven by steam, electric or gasoline power

A naval court martial has declared that the delicious delights of a happy honeymoon are no excuse for desertion from the service As long as the cold blooded abstraction called naval service can command legs which march and arms which carry weapons little it rocks of hearts that love

That Americans find life especially sweeter than other nations is proved by the figures showing candy consumption The candy bill of the United States for 1908 is \$100,000,000 This not only shows a tendency to a greater sweetness in national life but also that it times are growing more prosaic romance is dying hard

An injunction has been issued by a court in Ohio forbidding a man from making love to an attractive widow When it comes to ordering a man not to fall in love they might as well issue injunctions against ducks swimming Even Shakespeare who suggested that lovers should be put in a madhouse did not go so far as to hint at jail

China needs a ruler who will come out in the open live the life of a good sovereign and keep in mind that this is the twentieth century not the tenth Until that land gets such an emperor her lack of modern civilization and her abhorrence of modern ideas will keep her far in the back ground among the progressive nations of the world

The announcement is made of a decrease in the sale of darning cotton for stockings This may be either the result of prosperity which allows people to buy new clothes and not mend their old ones so much, or it may corroborate the charge made recently that American women are the laziest on earth The evidence on either side is bound to be interesting

Prince de Sagan is said to be a social outcast in Paris ostracized by the very select circle in which he formerly moved It is not because of any more lapses of which he may be guilty Far from it society formerly received him gladly for all his well known record It is because he has refused to accept a challenge to fight Count Boni de Castellane and has thereby offended a gentleman French honor is a funny thing The whole business is like an act in a comic opera

A murderer was electrocuted in New Jersey and physicians were refused permission to try to resuscitate the victim The New Jersey authorities have the right idea When a criminal is once dead it is the best to let him stay dead

Following the revolutionary overthrow of Nord Alexis it seems that three aspirants to the presidency of Hayti are putting forward their claims The way out of the involvement will be quite within the possibilities, be sought for in another revolution

WESTERN CANADA'S HAPPY PROSPECTS.

In no year since the development of Western Canada began has spring brought a brighter outlook than it brings this year In no preceding spring has there been greater assurance of advancing development and prosperity The movement of immigration has already assumed large proportions and is as desirable in character as it is satisfactory in volume from across the Atlantic sturdy industrious and thrifty newcomers are arriving in large numbers homeseekers from Ontario and the other older Provinces are coming in a steady stream, and from across the international boundary a movement is already in full flow which it is confidently predicted will beat the records of all previous years special settlers trains are crossing the line, loaded with effects actual material wealth being thus brought into the country at the rate of millions of dollars worth monthly

The movement is so unprecedentedly large that extra Dominion Immigration officials have had to be provided at both North Portal and at Emerson and it is estimated that the total number of new settlers from the United States this year will be 70,000 at least and may run well up toward 100,000 Last year's total of new settlers from the South was 53,723 thus the area that will be placed in wheat and other grains this year will greatly exceed that of last year Settlers are making extraordinary efforts to get on their lands and begin seeding operations The price of wheat now away above the dollar mark is incentive enough and when one has in view the splendid results that the past few years have shown it is not to be wondered at that the present will be the banner year for immigration to Canada Ask your nearest Canadian Government Agent for rates of transportation and he will also send you illustrated pamphlets

TO MY MANY OKLAHOMA FRIENDS

For thirty years or more, thousands of families now in the State of Oklahoma have relied on GROVE'S TASTELESS CHILL TONIC and LAXATIVE BROMO QUININE for treating members of their families, and while they have never met me I feel that many of them feel they know me

I have never placed on the market anything that did not possess superior merit, in fact I never recommend any article to the public without I am convinced that it possesses more merit than anything previously introduced.

Because of the splendid reputation which GROVE'S TASTELESS CHILL TONIC and LAXATIVE BROMO QUININE have made in the homes of Oklahoma, I feel that I could not afford to recommend to my friends any new preparation without I was thoroughly convinced that it really possessed more merit than anything of a similar nature ever placed on the market.

DR. PORTER'S HEALING OIL

was discovered by an old Railroad Surgeon and used by him in surgical operations. After testing it in every way possible, and being convinced it was a wonderful discovery and possessed merit far superior to anything else of the kind ever offered to the public, the PARIS MEDICINE COMPANY, of which I am President, bought the rights and are now manufacturing and introducing it, and to my many friends who have used GROVE'S TASTELESS CHILL TONIC and LAXATIVE BROMO QUININE for so many years I wish to state that I know DR. PORTER'S HEALING OIL will cure Old Sores no matter of how long standing that other remedies have failed to cure; will relieve the pain of a Burn instantly and take out all inflammation in one day; will relieve the pain of a Cut instantly and will heal it in one day, and absolutely prevents any risk of blood poisoning in hurts or wounds of any kind. It is needed in every home. When any of the family are severely burned or cut, or a horse is badly injured on a wire fence you haven't time to send for a remedy but you need it at once; therefore, do not delay in purchasing a regular 25c package under our positive guarantee. The only remedy which will cure collar and saddle galls while the horse is being worked. We have authorized every dealer to refund to the purchaser the full retail price in every case where the purchaser says it is not the best remedy ever used. Understand we do not mean as good as any other remedy, but if you are not convinced that it is the best healing remedy you ever used the druggist will refund the price you paid for it. Prices, 25c, 50c and \$1.00.

We guarantee it to cure:
Old Sores, Burns, Granulated Eyelids, Chronic Catarrh, Cracked Heel
Running Sores, Boils, Scald Head, Sore Throat, Scratches
Fever Sores, Carbuncles, Scalp Diseases, Sore Gums, Nails in Feet
Eczema, Itch, Corns, Ear Ache, Thrush
Ivy Poison, Skin Diseases, Bites & Stings, Warts, Mange, Sore and Tender Feet.

Government Land Open to Settlement, May 22

Some of the richest and most productive farm lands in the world lies in the "Big Horn Basin" of Wyoming. THE UNITED STATES GOVERNMENT is spending seven million dollars in building great concrete dams and ditches in order to lead an inexhaustible supply of water to irrigate some of the best of these lands and make them independent of rainfall. A great portion of this work is completed and

The Government Now Offers the Land to You

You have the opportunity to get from the Government a wonderfully productive farm, with water whenever you want it, regardless of rainfall, in a country where a single crop can be made to pay for the land, where 50 bushels of wheat or barley, and 75 bushels of oats are commonly grown to the acre, where fruits grow luxuriantly and where the glorious air and sunshine, Summer and Winter, makes life a joyous thing A Government representative will show you the land.

This wonderful country is developing fast Churches and schools abound. The population is intelligent, God fearing and law abiding, and any man out there who is half a man has the opportunity to quickly make himself independent.

Land in this great country is going fast If you have any thought for the welfare of yourself or children find out all about this offer from the United States Government.

We have government folders with maps and description of the rich lands you can have, and I will send you a copy free, and explain to you how easily and cheaply you can go out to that country and see for yourself what the government has done for you and yours

Very low round trip rates on May 4 and 18 will give opportunity to inspect these lands before they are thrown open to settlement. \$30.00 from Chicago, \$32.50 from St. Louis, \$27.50 from Kansas City, \$27.50 from Omaha, \$25.00 from Denver. Similar rates on subsequent dates.

Fill out the coupon and send it to me, or just write on a postal card and I will send you all the information

CONSPIRACY CASES A BIG FARGE

GOVERNMENT SLEUTHS HAVE
PLAYED TO THE GALLERIES
AND WILL LOSE.

INVESTIGATION NEXT MONDAY

Leading Men in Other Towns Than
Muskegee Are Involved in the
Persecution.

Muskegee, Okla., May 5.—The interest in the alleged town lot conspiracy cases, in which seven prominent citizens of Muskegee are involved, and which will be the subject of investigation by the new federal grand jury at Tulsa next Monday, has not lagged for one moment, nor is it going to lag until the question is settled once and for all.

The fact that prosecutions will in all likelihood be brought against leading men in the town of Okmulgee, Sapulpa, Holdenville, Bristow and Wewoka has added zest to the game and everyone is on the tip-toe of expectancy.

The government cannot afford to merely go after citizens of Muskegee when hundreds of men in the various Creek and Seminole nation towns, are equally guilty. But as there comes the rub—could these "arch-conspirators" have deceived the town site commission, which had charge of the distribution of lots in these towns, when the commission itself not only approved, but suggested, the manner in which these self-same persons obtained their alleged surplusage of town realty.

It is said that J. George Wright, at that time resident Indian inspector, agreed that the plan of subdividing to go-called "dummys" was perfectly legitimate and that no one by so doing was in any way defrauding Uncle Sam or the Creek nation. No one denies that "dummys" were scheduled certain lots and that, for a consideration, they quit-claimed them back to old residents of Muskegee. The government got the price demanded for the lots, the Creek tribe was satisfied, the town-site commission O. K'd the deal; the Indian inspector saw no wrong in it; the government wasn't rearing its shirt over the "lawful crime"; and Mr. Most, Creek national attorney, had not at that time arrived on the ground with a \$5,000 yearly salary attachment.

To the person who knows and understands conditions as they were in Indian Territory under the czar-like rule of the interior department, which turned out new rules and regulations as fast as the government stenographers could bat 'em out—the whole matter seems unduly farcical, and it will likely be seen in that light when the government attorneys and the new jury get down to business next Monday.

The government is not making the "hurrah" about the prosecutions this trip. There are no brass band tactics but the federal sleuths are still on the job and the witnesses that were summoned last February from Maine to Oregon will hold a reunion at Tulsa Monday. It will be a nice trip for them; they can see the country and probably invest some money in Okla-

homa dirt; they can go back home and boost for the baby state; and Uncle Sammy will pay all the bills and ask but few questions. Mott's reputation will be made and he will be in a position to be chief legal advisor of the Cannibal King of the Hoo-Hoo Islands.

It all adds spice to the life on the bounding prairies; it gives the newspapers something to write about it helps out the hotel business and the railroads and yet everybody wonders what it is all about and how acts, licensed by the government townsites representatives, can now be strangely distorted into hideous-faced crime and men who stand high in the community be branded as criminals.

It's a howling, yowling farce and the government deep down in its heart of hearts knows it. Of course they intend to play the game to the limit however, and the prominent citizens of Wagoner, Muskogee, Okmulgee, Tulsa, and the other government towns better be humping themselves and looking up some bonds-men—for your Uncle Sam has his spurs on and is carrying a blunderbuss.

EXPECT A BATTLE.

Marshal's Posses in Jack Fork Mountains After Illicit Still.

Muskegee, Okla., May 5.—A battle between deputy United States marshals and moonshiners in the Jack Fork mountains, near the boundary lines of Pushmataha county, can be looked for within the next twenty-four hours, according to advices received at the office of United States Marshal Victor this afternoon. Victor and District Revenue Collector Will Irwin are at the head of a posse of twenty-five men and at daybreak this morning left Hugo for the mountains where four stills have been located.

A few days ago, Irwin arrested George Johnson, an alleged moonshiner, at Hugo, and he is said to have made a confession implicating others. Irwin left for Hugo and last night wired the office here for assistance. He was instructed to swear in as many men as he needed and take the moonshiners. Illicit stills are reported in operation in large numbers. Marshal Victor is acting under instructions from Washington.

Wheat Still Rising.

Chicago, May 5.—A new record was made for May wheat in the Chicago board of trade today, it selling at \$1.29 1-2. Other deliveries also made sharp gains, July wheat selling for \$1.17.

Trade in the pit was active, and general and it was rumored early in the session that the Patten crowd was once more buying heavily on both May and July deliveries. Offerings during the entire day were inadequate for the strong demand.

At Columbus, Ohio, milling wheat sold for \$1.50 a bushel, the highest price paid in the United States in the past 31 years. It is confidently predicted by the millers and elevator men that the farmers will receive \$1.50 for their grain before the present upward movement culminates. A record price was also set in the New York grain markets, where the price advanced to \$1.35 per bushel. There is a rumor in New York that a pool has been formed to keep July wheat at a high price.

Fred Warren on Trial.

Fort Scott, Kas., May 5.—After ex-Governor William Taylor of Kentucky, and one or two other witnesses had testified on each side, argument was begun here this afternoon in the case of Fred Warren, manager of the Appeal to Reason, a Socialist paper, charged with violating the postal laws. Taylor was called by the prosecution. The government merely asked him a few questions to establish the identity of persons referred to in the defendant's offer of a reward for anyone who would kidnap the ex-governor.

Notice to Warrant Holders.

All parties holding warrants issued by the Board of Education of the City of Ada, Oklahoma, from registered number 427 to 628 inclusive, also registered numbers 406 to 426 are requested to deliver them to me for cancellation and payment out of refunding bond issue.

W. D. HAYS, Treasurer.

AMERICAN AND MEXICAN RULERS TO MEET

TAFT AND DIAZ TO JOIN HANDS
AT EL PASO.

President Taft Has Accepted Invitation to Attend the El Paso Fair.

Washington, May 5.—The people of El Paso, Tex., today made important progress in their long cherished dream of having the president of the United States and the president of Mexico clasp hands across the international boundary line on the public bridge that connects El Paso with Juarez, Mexico, when President Taft tentatively accepted the invitation of the citizens of El Paso to spend a day in that city.

The two cities are to have brilliant fiestas during the period of the El Paso fair, the first week of November, and an effort is being made to have President Diaz of Mexico attend the celebration at Juarez on the day President Taft attends the fair at El Paso. The rest, it is thought, would be easy.

The invitation to President Taft to attend the fair at El Paso was extended today by Representative Smith of Texas. The president seemed highly gratified over the invitation and told Representative Smith that he thought he could arrange to accept it.

President Taft will also visit Galveston on his trip to Texas in the fall, an invitation to come to that city having been tendered to the president by Senator Culberson on behalf of the Galveston Board of Trade. President Taft was not at the White House when Senator Culberson presented the invitation, but a statement was subsequently given out by Secretary Carpenter that the president will be pleased to visit Galveston in the event that he comes to Texas next fall.

A FALSE ALARM.

Report that Ardmore Was Destroyed by Cyclone Unfounded.

Newspaper reports this morning indicated that the city of Ardmore was partially destroyed last evening by a tornado which swept the south central part of the state. The press reports stated that all communication by wire was practically cut off, but that meager reports were to the effect that Ardmore had suffered serious damage.

On reading these reports those citizens of Ada who have relatives and friends in Ardmore were very much alarmed, so the News immediately phoned to Ardmore to ascertain whether or not the reports could be verified. Our informant stated that the report was positively false, that they had only had a fine rain and nothing more.

The First National.

Referring to the showing through publication of the condition of the First National bank when the controller of currency had made his regular call it is thought fitting that special complimentary reference be made in behalf of such bank and Mr. Timberlake, cashier and in charge since the figures in the sworn statement affords the information that such institution is notably growing. This bank has around \$170,000 in deposits and not for from half of that amount in cash in sight and reserve. Mr. Timberlake is congratulated.

Prominent Durant Visitors.

Hon. A. C. Hayden, mayor of Durant, and Dr. W. H. Huff, oil expert from the same city, are in Ada. Mr. Hayden is on his return from the state meeting Knights of Pythias at Oklahoma City, while Dr. Huff is visiting his friend Rev. Stubbinsfeld. Accompanied by Messrs. Beck, Hope and Hardin they were driven over the country today making observations on the oil prospects contingent to Ada. Dr. Huff has oil interests at Durant and Madril and is an oil expert. He and Mr. Hayden are both highly pleased with prospects here so far as they have observed.

NOTICE.

All parties owing me will please call and settle at once as I am needing it badly. J. B. Chapman. 4td

CITIZENS DETERMINED ON STATE SUMMER NORMAL

BUSY MEETING IN 25,000 CLUB
ROOMS LAST EVENING.

Committee Appointed to Take Matter in Hand and Complete the Work.

A mass meeting of Ada citizens occurred in the Club rooms at five o'clock last afternoon and discussion was had concerning the better plan to pursue in flagging and properly supporting a summer state normal.

County Supt. Pierce and normal vice president, Perkins, addressed the meeting. During their recital of their estimation of the summer state normal situation, a letter was read from the president of Ada normal, Prof. Charles Briles, stating among other things in substance that while he would be required to remain at Muskogee until the conclusion of the session of the city schools of which he is superintendent, the Ada people could feel assured that he would co-operate with them in every manner possible along what ever lines in the state normal program considered more desirable to pursue.

The earnestness and more or less elaborateness of the remarks addressed by Messrs. Pierce and Perkins evidenced their great interest in the success of the Ada normal and their intention of going all the way in the labor of helping develop to success Ada's determined achievement.

Earnest remarks were addressed to the meeting by Tom Hope, W. C. Duncan, Prof. Matthews, and others. All present were united in the determination to put on the best summer state normal possible. Ada's magnificent \$40,000 High school building and the several commodious ward school buildings will be utilized to accommodate the six hundred teachers it is proposed to attract to this city this summer. Hundreds of the best homes of the city will be thrown open to teachers without consideration of money or inconvenience. Following thorough discussion, it was agreed that an executive committee should be selected, who should control and direct the movement and campaign to hold this city on the state normal map in this state in proper position and dignity. The following is the committee: E. H. Lucas, W. H. Huey, J. W. Hays, Tom Hope, M. W. Ligon, F. F. Pierce and Oils B. Weaver.

SENATOR RODDIE ACQUITTED.

Insurance Company Fails to Make Embroilment Charge Stick.

Senator R. M. Roddie of Ada, Ok., who represents the Twenty-third district in the legislature, was triumphantly acquitted by Judge Jackson of the county court, today, of the charge of embezzling \$84 from the Indian State Insurance company of Indianapolis, while acting as its agent at Fort Gibson, Ok., two years ago.

The senator was arrested during the latter part of the recent session of the legislature on a warrant sworn out in Justice Lieber's court by a representative of the company. The case was to have come up before the justice today but it was taken before Judge Jackson on a change of venue granted by the justice. The senator was represented by Attorney J. C. Stone and the state by County Attorney Crump and Judge Robertson. The testimony of the state's witnesses was very weak and did not make a case and it only required the introduction of a receipt signed by the president and secretary of the company to prove that Senator Roddie had settled with the company in full and that there was no foundation for the charge that he had embezzled even a penny of the company's money.

Senator Roddie immediately filed suit against the State Life Insurance Company of Indianapolis and W. H. Merchant, general agent, for \$25,000 damages for malicious prosecution.

Bad for Fort Gibson.

Guthrie, Okla., May 5.—It was discovered today by the Board of Public Affairs that the enacting clause in the appropriation bill for the blind school at Ft. Gibson, had been omitted and the bill thereby left inoperative. No plans have yet been devised for the maintenance of the school.

OUR WASHINGTON LETTER

Washington May 5.—The secretary of the interior has approved new regulations for the leasing of the allotted lands of the Osage nation. Regulations provide that the allottees may lease their allotment for a period of five years for agricultural purposes and three years for grazing purposes. All leases to be approved by the secretary of the interior. The lands to be leased are in the Osage reservation. The lands are to be leased to the Osage people. The lands are to be leased to the Osage people. The lands are to be leased to the Osage people.

The bill has been in the hands of the committee.

S. M. McGowan, formerly supervisor of the Indian school at Chilocco against whom indictments were returned by the federal court at Guthrie two months ago, charging him with misappropriation and misapplication of funds at the Indian school in Washington, demanding immediate hearing in the matter. He is also demanding to see a copy of the charges filed against him. He claims that the indictments against him were the results of spite work on the part of enemies in the Indian office in Washington. Mr. McGowan has been in the Indian service twenty years and was considered one of the best men in the service. It is understood that he incurred the displeasure of Commissioner Leupp and then his troubles began.

A bill has been introduced in the lower house of congress to make Woodward and Guyman federal court towns in the Western district of the state. No action will be taken on the bill at this session but it may possibly be brought up at the next regular session.

It is understood that the Indian office and the department of the interior have approved the recommendations for the appointment of Vernon Whiting and Elson and J. A. Dunne to be district agents in the western part of Oklahoma and that their appointments will be made soon.

Representative Bird McGuire and State Chairman Joe Morris are said to be grooming Judge Milton Garber of Enid for the republican nomination.

OUR GUTHRIE CORRESPONDENT

Guthrie May 5.—A requisition from the governor of Georgia was honored today asking for the return of Ben Garrett charged with having committed the crime of murder in that state on the 19th day of December, 1907. He was afterwards indicted by a grand jury.

The contract price of the printing of the session laws of 1909 as made by the State Board of Affairs averages sixty-two cents per column of five hundred pages. Bound in sheep these laws will probably be retailed at one dollar per column and in paper much cheaper. This is a marked reduction from the prices that were formerly paid during territorial days.

The Southwest Country Life Association convened in Guthrie today with delegates from New Mexico, Texas, Kansas, Utah and Oklahoma in attendance. Delegates from several other states are on their way and will arrive before Thursday. A good program has been rendered today. Among the speakers were Hon. E. D. Cameron, state superintendent of Oklahoma, ex-Gov. C. M. Barnes of Guthrie, Hon. Morrison Weaver, Assistant U. S. Marshal, and C. Nelson, state superintendent of Utah. Supt. R. H. Wilson of Chickasha, Hon. Lee C. Weatherford, Dr. L. L. Lewis of the A. & M. college, Prof. A. S. Wily of Tahlequah and Prof. Chas. N. Gould of the State University. While the attendance is not so large as was expected to be, the program is fully up to expectations. One remarkable feature is that nearly all of the participants were here and were prepared.

On account of the meeting of the Southwest Country Life association which has brought to the state visitors from many other states, the A. & M. college has installed in the office of the Board of Agriculture a display of dairy stock feeding and dairy products. The display is under the charge of Prof. H. P. Miller, Prof. B. C. Pittcock and J. M. Spindell. Two young ladies of the department of home economics, Misses Opha Catton and Cecile Kirtland, are also in attendance, and are helping to the hungry public sandwiches. Luttered with the product of the A. & M. creamery and ice cold milk. The industrial and mercantile display is worthy of a trip of several miles to see it. The display is certainly a source of information to all interested in agriculture. The several balanced rations showing the exact amount of rough feed of hay and grain or seed products are shown, also the chemical analysis of the several rations showing the amount of protein nitrogen and fat contained in each ration.

The ladies and gentlemen in charge of the display are entertaining talks and are willing not only to tell of their exhibit but to answer any question connected with the work and management of the A. & M. college.

Officers for farmers institutes now being held on the east side of the state have recently been elected as follows: Creek county president W. F. Collins, vice president J. T. Evans, secretary H. C. Lowe, treasurer H. E. Ritchie, delegate W. S. Ludaie, Washington county president Gideon Morgan, vice president Don Guernsey, secretary M. C. Watson, delegate Gideon Morgan, Osage county president Elben Allers, vice president A. W. Brown, secretary E. L. Gay, delegate C. W. Perkins. These counties have started off in good shape and an active campaign will be made for members so that a large fund may be in the treasury for premiums on exhibits at the fall institute.

The growing of corn and dairying are the chief topics of discussion at present. Prof. Roy C. Potts of the A. & M. college of Stillwater is with conductor T. M. Jeffords this week. R. W. Lindsay of the Board of Agriculture is also with the lecturers. Prof. H. P. Miller has returned to his work at the college.

Notice of the First Meeting of Creditors. In the District Court of the United States for the Eastern District of Oklahoma at Ada. In the matter of J. I. Bryant or Rott Oklahoma Bankrupt. To the Creditors of J. I. Bryant a Bankrupt. Notice is hereby given that on the 15th day of April 1909 the said J. I. Bryant was duly adjudged bankrupt and that the first meeting of his creditors will be held at my office at Ada, Oklahoma, at 10 o'clock in the forenoon on the 17th day of May A. D. 1909 at which time the creditors may attend, prove their claims, appoint a trustee, examine the bankrupt and transact such other business as may properly come before the said meeting.

This 6th day of May 1909. A. H. CONSTANT, Releasee in Bankruptcy.

The Ada Weekly News published at Ada, Oklahoma, is designated as the official paper in which all notices pertaining to this proceeding will be published. (24 Std in weekly on 17th)

Notice of Sale of Real Estate. In the matter of the Guardianship of Nannie Ford.

Eagles Tonight

The members of the local lodge of Eagles are called to meet at their hall on South Townsend tonight. Important matters will be under consideration. Robert Cummings, President.

GARRETT'S SLAYER ACQUITTED.

Self Defense the Plea—Jury Returned Verdict in Fifteen Minutes.

Las Cruces, N. M., May 4.—Wayne Brazel was acquitted tonight of the murder of Pat Garrett. The jury was out fifteen minutes. Pat Garrett was one of the most famous officers of the southwest. He was killed Feb. 20, 1908, while en route from his Dog Canyon ranch to Las Cruces, where he had an engagement to meet Jim Miller, who was lynched at Ada, Okla., several days ago. Brazel rode into Las Cruces with Carl Adamson, who had accompanied Garrett. Brazel surrendered and was locked up, while a party went out to find Garrett's body. It was picked up by the roadside a few miles from town, and there were two bullet wounds. Brazel claimed self-defense.

The case was taken up this morning and went to the jury at 5:55 o'clock. The verdict was returned at 6:10 o'clock.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, Free. F. J. Cheney & Co., Toledo, O.

Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

Pursuant to issuance and service of Proposed Order No. 48, relating to the furnishing to the Corporation Commission of Oklahoma all tariffs and similar documents covering the handling and assessment of charges on Freight and Passengers, issued on the 23rd day of March, 1909, and pursuant to hearing held in the city of Guthrie on the 19th day of April, 1909 you and each of you are hereby notified that the following Order shall be in full force and effect on and after May 20, 1909.

Each Railroad and Railway Company named above shall, on or before the date this order becomes effective, file in the office of the corporation commission of Oklahoma in the City of Guthrie, State of Oklahoma, one copy of each of the following documents, affecting the transportation of Freight and Passengers upon its line of railroad or railway in the State of Oklahoma.

RULE NO. 1.

General freight and passenger tariffs, State and Inter-state, both local and joint, together with all effective amendments and supplements.

RULE NO. 2.

Special freight and passenger tariffs, scheduled and rate sheets, State and Inter-state, both local and joint, together with all effective amendments and supplements.

RULE NO. 3.

Classifications, exceptions to classifications and all effective amendments and supplements.

RULE NO. 4.

Agreements establishing freight and passenger traffic relations with other transportation lines where such relations affect freight or passengers originating at or destined to a point in Oklahoma.

RULE NO. 5.

Division sheets and basis upon which such divisions are determined, covering traffic moving under documents named in Rules One to Three inclusive.

RULE NO. 6.

Percentage sheets and the agreements under which they are made, covering traffic moving under documents named in Rules One to Three inclusive.

(Note:—Documents mentioned in Rules 4, 5 and 6 need not be furnished until specifically requested by the Commission and where such documents are furnished within ten days after a specific request from this commission, it will be considered as compliance with this order.)

RULE NO. 7.

Orders and Orders (general) affecting the general movement, handling or disposition of freight and passengers or the revenue derived therefrom.

(Note:—This is only intended to cover general Orders and not Orders covering a specific movement or case.)

RULE NO. 8.

Also at the time of their issuance and before effectiveness copies of all documents named above that may hereafter be issued for application upon such line of road.

(Note:—Documents mentioned in Rule No. 7 may be mailed to the Commission the day they are issued and such mailing will be considered compliance with this Order.)

RULE NO. 9.

Where documents called for in rules one to six inclusive are issued by one of the companies named above and other companies named above or parties thereto, only the issuing company shall be required to furnish copies.

RULE NO. 10.

Where documents referred to in Rules 1 to 6 are issued by companies not named above, but affect freight or passengers moving over the lines of one or more of the companies named above, such company or companies shall file copies of such documents with the commission the same as though they were issued by it.

(Note:—Where two or more companies named above are parties to such issues they may designate either one of such companies to furnish such documents.)

RULE NO. 11.

Where two or more of the companies named above designate some

party to issue one or more of the documents referred to in Rules One and Six inclusive, they may file with this commission a sworn statement to the effect that such party is authorized to issue such documents for their account and furnish such documents to the commission, such companies reserving the responsibility for failure on the part of said party to so furnish such copy and the commission will then accept one copy of such documents from such party as compliance with this order, so far as all of the companies filing the statement are concerned.

CORPORATION COMMISSION.

J. E. LOVE, Chairman.

The new boarding house at the quarry has been completed. This building is built of re-enforced concrete. The size of the building is 25x42, two stories high and will accommodate forty men.

MISSOURI PROHIBITION MOVE.

State-Wide Measure With Double Tax on Property to Be Submitted for Vote.

Jefferson City, Mo., May 5.—The Missouri Senate today assented a resolution submitting to the people a state-wide prohibition constitutional amendment. The amendment, which came to the senate from the house, was amended with a rider, which provides for the doubling of the rate of taxation. The final vote was 23 to 8, with two senators not voting.

The senate eliminated from the amendment the provision making it effective in 1913, if adopted by the people, and if the house concurs.

The whole matter must go to the house, and it is predicted that, because of the short time before the legislature adjourns, the house will not agree to the amendment calling for extra taxation, and that no further action can be taken at this session.

The prohibition advocates are much discouraged tonight at the prospective defeat of the measure.

Brown Bros. Ill Luck.

The severe wind storm of last evening did no perceptible damage in Ada with the exception of the fact that the tent of Brown Bros. Co. on the compress grounds was blown down and the top practically ruined. Of course there was no performance last evening, but they are back in ship shape condition today and will render "Anil Lang Syne" in due form this evening.

Warranty Breeds.

PROOF FOR TWO CENTS.

If You Suffer with Your Kidneys and Back, Write to This Man.

G. W. Winney Medina N. Y. invites kidney sufferers to write to him. To all who enclose postage he will reply telling how Doan's Kidney Pills cured him after he had doctored and had been in two different hospitals for eighteen months, suffering intense pain in the back, lameness twinges when stooping or hitting languor dizzy spells and rheumatism. Before I used Doan's Kidney Pills says Mr. Winney "I weighed 143. After taking 10 or 12 boxes I weighed 162 and was completely cured."

Sold by all dealers 50 cents a box Foster-Milburn Co., Buffalo, N. Y.

One Point Settled. They say the new Miss Bangs is a very good plain cook. I don't know about the excellence of the cookery but she's plain all right.

Life in this world could never be so sweet or so sad if we had not been children in it.

DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's Vegetable Compound

Paw Paw, Mich. "I suffered terribly from female ill, including inflammation and congestion, for several years. My doctor said there was no hope for me but an operation. I began taking Lydia E. Pinkham's Vegetable Compound, and I can now say I am a well woman."

Another Operation Avoided. Chicago, Ill. "I want women to know what that wonderful medicine, Lydia E. Pinkham's Vegetable Compound has done for me. Two of the best doctors in Chicago said I would die if I did not have an operation, and I never thought of seeing a well day again. I had a small tumor and female troubles so that I suffered day and night. A friend recommended Lydia E. Pinkham's Vegetable Compound, and it made me a well woman."

ALVENA SPERLING, 11 Langdon St., Chicago, Ill.

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has proved to be the most successful remedy for curing the worst forms of female ill, including displacements, inflammation, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, and nervous prostration. It costs but a trifle to try it, and the result has been worth millions to many suffering women.

Ada Evening News.

ADA, OKLAHOMA

The first book printed in the United States was entitled The Freeman's Oath.

Great Britain and Germany are again making faces at each other, but that will be all.

Great Britain's commerce fell off \$494,000,000 last year landing we as usual with a dull sickening thud.

Owing to the French letter carriers strike a number of challenges to duels are delayed in transmission.

A girl of 12 has published a book. With infant prodigies in the field what chance has the author who has reached the fateful age of 40?

A Georgia court has decided that to call a man a liar is a breach of the peace and means a fight. This is one of the cases where custom asserts itself as a lawmaker.

There would be fewer divorcees says a noted composer if we had more music. We doubt it. Many a happy home has been broken up by the presence of a perfectly upright piano.

Castro left much of his fortune in the hands of European hotelkeepers. He was unwise to choose a time when the regular American tourist was at home saving his money.

A German professor has discovered the trachoma germ though it was hiding in the eye of an ape. Who but a professor would have thought of looking for it there?

European swindlers who circulated \$400,000 worth of bad money in this country were most inconsiderate. The secret service has enough on its mind without this foreign interference.

As long as England expects women who set the social pace to shoot pheasants and deer it must expect somewhat excessive readiness to resort to physical violence when suffering get excited.

In writing a code letter that may accidentally fall into other hands than those of the person for whom it is intended it is better to avoid such words as peach and use mud fence kangaroo turnip or some equally harmless substitute.

Sheep shearing machines are now used quite extensively in Australia. In Tasmania they are just beginning to be installed. It seems only a question of time when all the sheep shearing in this island will be done by machinery driven by steam, electric or gasoline power.

A naval court martial has declared that the delicious delights of a happy honeymoon are no excuse for desertion from the service. As long as the cold blooded abstraction called naval service can command legs which march and arms which carry weapons little it reckes of hearts that love.

That Americans find life especially sweeter than other nations is proved by the figures showing candy consumption. The candy bill of the United States for 1908 is \$106,000,000. This not only shows a tendency to a greater sweetness in national life but also that if times are growing more prosaic romance is dying hard.

An injunction has been issued by a court in Ohio forbidding a man from making love to an attractive widow. When it comes to ordering a man not to fall in love they might as well sue injunctions against ducks swimming. Even Shakespeare who suggested that lovers should be put in a madhouse did not go so far as to hint at jail.

China needs a ruler who will come out in the open live the life of a good sovereign and keep in mind that this is the twentieth century not the tenth. Until that land gets such an emperor her lack of modern civilization and her abhorrence of modern ideas will keep her far in the back ground among the progressive nations of the world.

The announcement is made of a decrease in the sale of darning cotton for stockings. This may be either the result of prosperity which allows people to buy new clothes and not mend their old ones so much, or it may corroborate the charge made recently that American women are the laziest on earth. The evidence on either side is bound to be interesting.

Prince de Sagan is said to be a social outcast in Paris ostracized by the very select circle in which he formerly moved. It is not because of any more lapses of which he may be guilty. Far from it society formerly received him gladly for all his well known record. It is because he has refused to accept a challenge to fight Count Bont de Castellane and has thereby offended a gentleman. French honor is a funny thing. The whole business is like an act in a comic opera.

A murderer was electrocuted in New Jersey and physicians were refused permission to try to resuscitate the victim. The New Jersey authorities have the right idea. When a criminal is once dead it is the best to let him stay dead.

Following the revolutionary overthrow of Nord Alexis it seems that three aspirants to the presidency of Hayti are putting forward their claims. The way out of the involvement will be quite within the possibilities, be sought for in another revolution.

WESTERN CANADA'S HAPPY PROSPECTS.

In no year since the development of Western Canada began has spring brought a brighter outlook than it brings this year. In no preceding spring has there been greater assurance of advancing development and prosperity. The movement of immigration has already assumed large proportions and is as desirable in character as it is satisfactory in volume. From across the Atlantic sturdy industrious and thrifty newcomers are arriving in large numbers. Homeseekers from Ontario and the other older Provinces are coming in a steady stream, and from across the international boundary a movement is already in full flow which it is confidently predicted will beat the records of all previous years. Special settlers' trains are crossing the line, loaded with effects actual material wealth being thus brought into the country at the rate of millions of dollars worth monthly.

The movement is so unprecedentedly large that extra Dominion Immigration officials have had to be provided at both North Portal and at Emerson and it is estimated that the total number of new settlers from the United States this year will be 70,000 at least and may run well up toward 100,000. Last year's total of new settlers from the South was 53,723, thus the area that will be placed in wheat and other grains this year will greatly exceed that of last year. Settlers are making extraordinary efforts to get on their lands and begin seeding operations. The price of wheat now away above the dollar mark is incentive enough and when one has in view the splendid results that the past few years have shown it is not to be wondered at that the present will be the banner year for immigration to Canada. Ask your nearest Canadian Government Agent for rates of transportation and he will also send you illustrated pamphlets.

UNPLEASANT OUTLOOK.

"I hope it don't rain. I'll take all de starch out of my dress." "Yes and if maw sees you in your best dress she'll take de starch out of you!"

CURED ITCHING HUMOR.

Big, Painful Swellings Broke and Did Not Heal—Suffered 3 Years.

Tortures Yield to Cuticura.

"Little black swellings were scattered over my face and neck and they would leave little black scars that would itch so I couldn't keep from scratching them. Larger swellings would appear and my clothes would stick to the sores. I went to a doctor but the trouble only got worse. By this time it was all over my arms and the upper part of my body in swellings as large as a dollar. It was so painful that I could not bear to lie on my back. The second doctor stopped the swellings but when they broke the places would not heal. I bought a set of the Cuticura Remedies and in less than a week some of the places were nearly well. I continued until I had used three sets and now I am sound and well. The disease lasted three years. O. L. Wilson Puryear Tenn., Feb. 8, 1908." Potter Drug & Chem. Corp. Sole Props. Boston.

His Conscience.

Will you have a cocktail? Mr. Snidgerly?

No my wife does not permit me to drink intoxicants of any kind. Let me buy you a cigar. My wife has made me promise that I will never smoke any more. Well well I wish there was something I could do to make it pleasant for you. Is there a naughty show of any kind in town? If so take me to it. My wife will not be able to smell it on my breath.

Important to Mothers.

Examine carefully every bottle of CASTORIA and see sure remedy for infants and children and see that it bears the Signature of *Dr. J. C. Williams*.

In Use For Over 30 Years.

The Kind You Have Always Bought.

No Escape.

The smell of smoke certainly does make me ill.

Then why do you allow your husband to smoke so much in the house? I might as well. When my husband isn't smoking the chimney is

Vast Area for Trees.

England has 17,000,000 acres of land available for reforestation.

Clear white clothes are a sign that the housekeeper uses Red Cross Ball Blue. Large 2 oz. package 5 cents.

Two is company three a soulless corporation.

TO MY MANY OKLAHOMA FRIENDS

For thirty years or more, thousands of families now in the State of Oklahoma have relied on GROVE'S TASTELESS CHILL TONIC and LAXATIVE BROMO QUININE for treating members of their families, and while they have never met me I feel that many of them feel they know me.

I have never placed on the market anything that did not possess superior merit, in fact I never recommend any article to the public without I am convinced that it possesses more merit than anything previously introduced.

Because of the splendid reputation which GROVE'S TASTELESS CHILL TONIC and LAXATIVE BROMO QUININE have made in the homes of Oklahoma I feel that I could not afford to recommend to my friends any new preparation without I was thoroughly convinced that it really possessed more merit than anything of a similar nature ever placed on the market.

DR. PORTER'S HEALING OIL

was discovered by an old Railroad Surgeon and used by him in surgical operations. After testing it in every way possible, and being convinced it was a wonderful discovery and possessed merit far superior to anything else of the kind ever offered to the public, the PARIS MEDICINE COMPANY, of which I am President, bought the rights and are now manufacturing and introducing it, and to my many friends who have used GROVE'S TASTELESS CHILL TONIC and LAXATIVE BROMO QUININE for so many years I wish to state that I know DR. PORTER'S HEALING OIL will cure Old Sores no matter of how long standing that other remedies have failed to cure; will relieve the pain of a Burn instantly and take out all inflammation in one day; will relieve the pain of a Cut instantly and will heal it in one day, and absolutely prevents any risk of blood poisoning in hurts or wounds of any kind. It is needed in every home. When any of the family are severely burned or cut, or a horse is badly injured on a wire fence you haven't time to send for a remedy but you need it at once; therefore, do not delay in purchasing a regular 25c package under our positive guarantee. The only remedy which will cure collar and saddle galls while the horse is being worked. We have authorized every dealer to refund to the purchaser the full retail price in every case where the purchaser says it is not the best remedy ever used. Understand we do not mean as good as any other remedy, but if you are not convinced that it is the best healing remedy you ever used the druggist will refund the price you paid for it. Prices, 25c, 50c and \$1.00.

We guarantee it to cure:

Old Sores,	Burns,	Granulated Eyelids,	Chronic Catarrh,	Cracked Heels,
Running Sores,	Boils,	Scald Head,	Sore Throat,	Scratches,
Fever Sores,	Carbuncles,	Scalp Diseases,	Sore Gums,	Nails in Feet,
Eczema,	Itch,	Corns,	Ear Ache,	Thrush,
Ivy Poison,	Skin Diseases,	Bites & Stings,	Warts,	Mange,
		Sore and Tender Feet.		

Government Land Open to Settlement, May 22

Some of the richest and most productive farm lands in the world lies in the "Big Horn Basin" of Wyoming. THE UNITED STATES GOVERNMENT is spending seven million dollars in building great concrete dams and ditches in order to lead an inexhaustible supply of water to irrigate some of the best of these lands and make them independent of rainfall. A great portion of this work is completed and

The Government Now Offers the Land to You

You have the opportunity to get from the Government a wonderfully productive farm, with water whenever you want it, regardless of rainfall, in a country where a single crop can be made to pay for the land, where 50 bushels of wheat or barley, and 75 bushels of oats are commonly grown to the acre, where fruits grow luxuriantly and where the glorious air and sunshine, Summer and Winter, makes life a joyous thing. A Government representative will show you the land.

This wonderful country is developing fast. Churches and schools abound. The population is intelligent, God fearing and law abiding, and any man out there who is half a man has the opportunity to quickly make himself independent.

Land in this great country is going fast. If you have any thought for the welfare of yourself or children find out all about this offer from the United States Government.

D. Clem Deaver,
69 Q Building, Omaha, Neb.
